Antioch wants to beautify prepare for future growth

by JOSEPH SOULAK

Antioch is going on a beautification kick. The village board is looking at ways to keep village properties attractive.

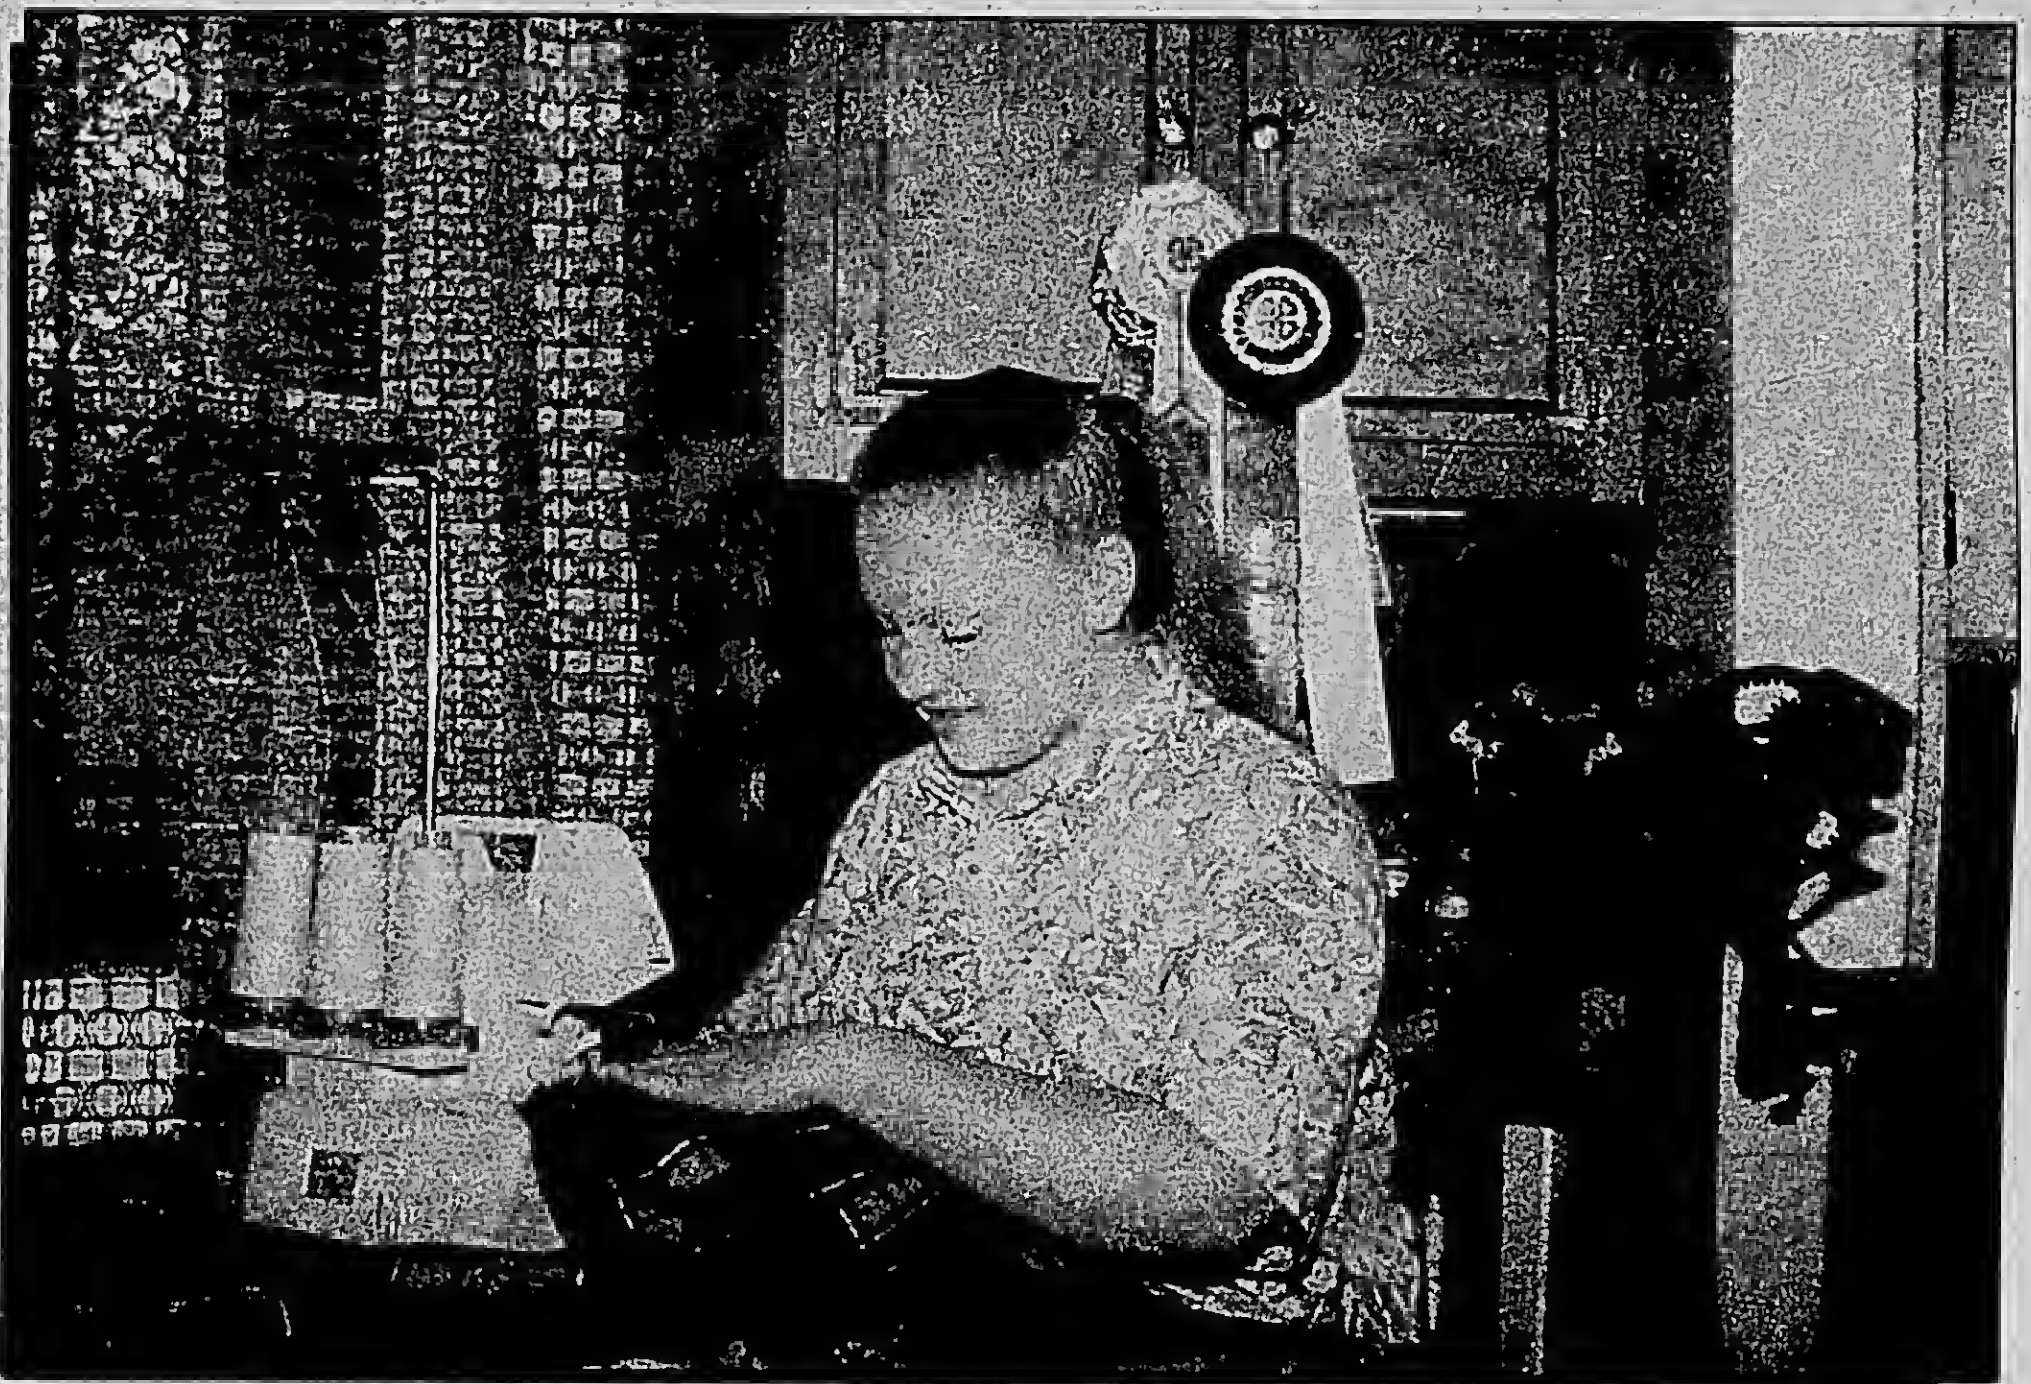

"Our village is growing and we want it to be attractive both now and in the future," Community Development Director Don Davis said. "With proper planning now we can continue to keep Antioch a good place to live and do business. We can attract new people, buildings and industry."

Toward this end the board agreed to continue in effect an ordinance requiring at least 8.5 feet of masonry or brick on all new or remodeled commercial and multi-family buildings. "This presents a better appearance, makes a stronger building and provides better fire protection," Davis told the village board at its July 18 meeting. The value of the ordinance approved last winter has been questioned in recent weeks by builders seeking waivers. The board decided against any changes.

Something new being considered by the board is an ordinance requiring all new parking lots to be landscaped. Included will be a requirement for bumper guards on parking spaces, buffer strip adjoining a residential area and, possibly, a hardwood tree for every 10 to 20 spaces. The village does not now have such an ordinance and asked Davis to check other communities.

Another beautification idea Davis was asked to check is an appearance review committee. More of a design or architectural review board, the body checks plans of all new or remodeled buildings to make certain the exterior conforms with village design standards. Of 30 communities in and around Lake County, Davis found the majority do not have such a board.

"Those that do have them put an architect in charge and have members ranging from design professionals to interior designers and landscapers," Davis said. Such is the case in Libertyville. He said communities closer to the Lake-Cook County line like Buffalo Grove and Lincolnshire have such boards.

Going to the fair

Needles flying, Marja-Elana Aaltonen puts finishing touches on 4-H garment making project for judging at Lake County Fair and 4-H Show opening Wednesday, July 27, for five-day run. Scores of boys and girls will show off year-long efforts in projects ranging from child care to animal husbandry. Marja-

Elana will model winter suit she designed and made as part of final judging. Fairgrounds are located at Rtes. 45 and 120. Displays include outstanding livestock from around midwest.—Photo by Mike Jordan.

Circulate drawing of suspect

Antioch police are circulating a composite drawing of a female who could have been involved, or is involved, in a rash of apartment burglaries now totaling 10 in three months.

Five of the burglaries were committed within the past week, making breaking and entering a crime as hot as the weather, according to Lt. Tom Fisher, in command of the department during the absence of Chief Chuck Miller who is on disability leave.

Fisher said the woman or her accomplices, if she is part of a team, "ring doorbells and follow the same pattern."

They are taking only jewelry and cash.

The composite drawing was developed from a description provided by an apartment resident who met a

woman at the door "who looked suspicious and acted nervous."

Fisher said the woman reportedly asked unusual questions about the building and the occupants. Unless

the composite drawing produces information, Fisher said, there are no suspects. He said it isn't certain whether the woman is working alone or is part of a team.

Student attendance falls

Overall attendance for students in the Antioch Grade School system were only adequate during the past school year, says Supt. Don Skidmore. However, the rates were better than average reported for the state.

According to the absentee report for the past school year, the 1,557 students in grades K-8 averaged 8.1 days of absences. For the four schools that make up the grade school system, the district attendance rate was 95.34 percent for the 1987-88 school year. This

compares with a state average of 93.8 percent.

Attendance rate at Antioch Lower Grade School was 95.79 percent. At Oakland Grade School the attendance rate was 95.85 percent, at W.C. Petty School it was 95.26 percent and at Antioch Upper Grade School it was 94.63 percent.

Skidmore said there is "considerable room for improvement and I will continue to promote good attendance at all schools."

VA staffers list awards

Twenty-one Chicago-area Veterans Administration employees have been nominated as "outstanding" by their VA facilities in the 31st Federal Employee of the Year awards competition.

Sponsored by the Chicago Federal Executive Board (FEB), the awards are recognized as an important and coveted form of non-monetary recognition available to government employees.

Employees selected as outstanding in each of six categories will be honored at the annual ceremony at the Marriott Hotel, 540 S. Michigan, on

Sept. 9. A total of 145 employees from most Chicago-area federal agencies were nominated.

Nominees from the North Chicago VA Medical Center are Barbara Myles, Randall Hutchinson and Concepcion E. Senas, all of Waukegan; Dorothy Mueller, Gurnee; June Gallegos, Great Lakes; Michael Hrabak, Vernon Hills; and Kim Stout and Gary Henthorn, both of Kenosha, Wis.

Scouts visiting Canada

Ten Cadette and Senior Girl Scouts from the Illinois Prairie Council have been selected to attend an international Girl Scout event in Saskatchewan, Canada. They will be chaperoned by adult volunteers Jeane Haverick of Gurnee and Martha Wieland of Park Ridge. The three week event (July 7 to July 23) is sponsored by the Girl Guides of Canada.

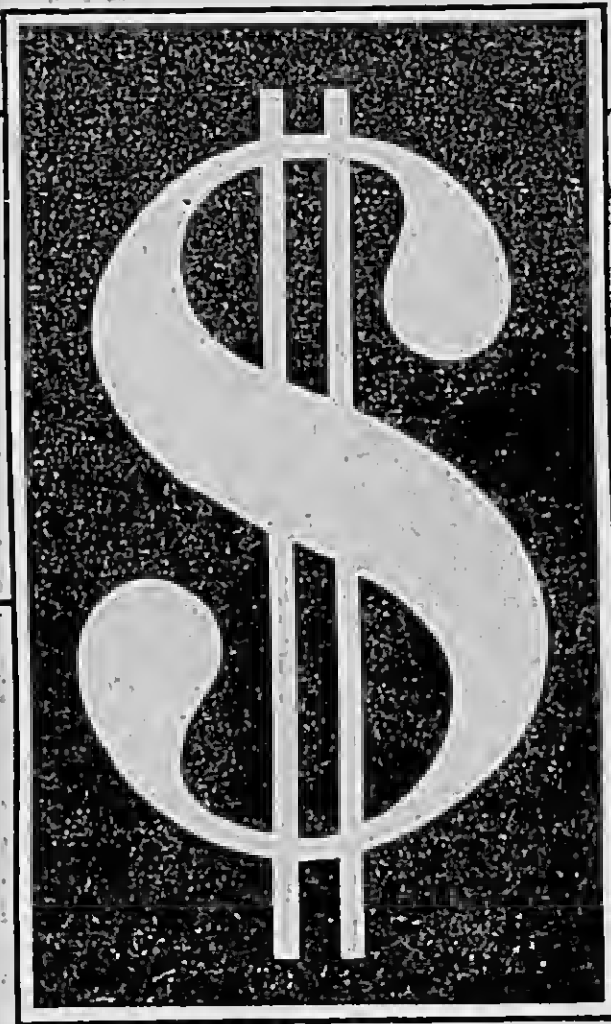

The 15 patrols of 10 girls from the U.S.A. will join 350 other Girl Guides/Girl Scouts from countries around the world and 2,500 Girl Guides from Canada. Together they will explore global issues, learn about each other's countries and customs, and enjoy the beauty of the areas surrounding Echo Valley in Canada.

From July 7 and July 12, the girls are offered home hospitality in the homes of Girl Guide families. From July 12 to

July 22 the participants will live in roundup or lightweight tents in one of six villages. Pairs of U.S. girls will live with Canadian Girl Guides patrols under the direction of the event staff. Their scheduled activities include workshops led by outside consultants in topics ranging from politics to skin care, supervised waterfront activities at a large lake, traditional ceremonies and field trips.

Cadette and Senior Girl Scouts selected for the event: Chinue Bailey, Waukegan; Kim Boesenberg, Buffalo Grove; Catherine Grzelak, Morton Grove; Lissa Hernandez, Elk Grove Village; Linda Horiuchi, Hoffman Estates; Amy Inselberger, Rolling Meadows; Ursula Macejak, Morton Grove; Patience Maston, Round Lake; Karen Palmissano, Elk Grove Village; and Rebecca Zorz, Antioch.

Bear stars attract scores of fans

Maurice Douglass, facing camera first photo, and Cap Bosa (checked shirt), two rising young stars with Chicago Bears, write autographs and talk football with fans during Family Sports Night at Lyons-Ryan Ford-Lincoln-Mercury, Rte. 173, Antioch. Flamboyant Douglass, sporting a two-tone spiked hair style, and

muscular Bosa were busy far more than two hours signing and visiting. In center photo, Bob O'Neal, Lyons-Ryan marketing manager, chats with griders as they stretch their legs. Then it's back to the table (photo No. 3) for more autographs.—Photos by Erma Kazial.

Bear stars spark Family Sports Night

It was autographs and flashbulbs at Lyons-Ryan Ford-Lincoln-Mercury as Chicago Bears Cap Bosa and Maurice Douglass appeared in person.

The overflow crowd enjoyed complementary hot dogs and soda pop as fans met the two gridiron stars in the dealership showroom.

Both players figure to be key ingredients in Coach Mike Ditka's formula to return to the Super Bowl in Miami. Bosa is a second-year tight end known for his tremendous pass receiving abilities and his fiery, combative attitude towards opposing defensive ends.

Flamboyant third-year veteran Douglass is quite the opposite of Bosa. Although a devastating hitter, Douglass' off-field reputation as a male dancer and wild dresser has kept the Chicago press busy. Wearing a wild white two-piece ensemble laden with gold necklaces and earrings, the strong safety was highly entertaining.

Host of the event was Pat Ryan of Lyons-Ryan fame, who was himself once a local gridiron star. When asked

about the purpose of such a high visibility local event like this, he said, "We want to bring promotions of this type to the Antioch area more often."

"It's great for the local residents and their children to meet in person the stars that they watch on TV during the football season."

"Since business has been very good for us the past 12 months, I believe it's good sense to give something back to the community."

This thinking paid off for two lucky area residents, winners of two game jerseys. The winners were presented with the autographed jerseys, from Bosa and Douglass, as WXLC-FM Radio broadcast the event live.

"All in all, the evening was a lot of fun for all of us," said General Manager Gary Klean.

He continued, "My second son was born a few days ago, and I got my greatest kick out of watching the starstruck little boys shyly asking Cap and Maurice to sign their footballs, Pee-Wee League helmets and so on. That's what it's all about!"

Irish jig?

Youngster at Lyons-Ryan Family Sports Night gives host Larry Ryan a tug—perhaps for an Irish jig?—as sports fans wait their turn for autographs from Bear tight end Cap Bosa and strong safety Maurice Douglass.

All streets alike for annual Maxwell event

For four days next week, principal business streets in downtown Antioch all will have the same name—Maxwell St.

That's when Antioch merchants will be staging their biggest and most popular sales event of the year, Annual Maxwell St. Days,

running Thursday through Sunday, July 28 to 31.

Many business persons literally will be turning their establishments "inside out" meaning that their best goods at their best bargains will be placed on the sidewalk for sale, according to

Chairman Larry Hansen. Antioch has a reputation for quality stores with quality goods.

More so than usual because of the 1988 drought, Hansen declared with tongue in cheek, "We're guaranteeing no rain this year."

Sprinkling ban adopted

The Village of Antioch is enforcing a sprinkling ban. Sprinkling may be done between the hours of 7 a.m. to 10 a.m. and 8 to 10 p.m. only.

This ban is for conservation of water. At present, the wells in Antioch are in good order, only one foot down at static levels. However, the present 30 day outlook calls for little or no precipitation. As a precautionary

measure, the village decided upon this conservation measure, according to Tim Wells, public works administrator.

If you have any question, call the Village Hall at (312)395-1000 or Public works at (312)395-1881 during working hours 7:30 a.m. to 4 p.m. Monday through Friday. Wells advised the ban became effective July 15.

Spies attends conference

Katie Spies, an aerobic instructor and manager at DJ's Fitness Center in Antioch, attended the four-day International Dance Exercise Assn. (IDEA) International Convention in Anaheim, Calif.

Over 3,000 instructors and business owners from around the world participated in the sold-out event at the Anaheim Hilton and Convention Center. "The convention shows me how far we have come as an industry, and how important it is to stay up-to-date with the latest research and techniques," says Spies.

The IDEA Foundation, IDEA's nonprofit sister organization, offered

the IDEA Foundation Industry Certification Examination prior to the convention. Over 10,000 instructors have taken the exam since it was first administered in May, 1986. Spies is certified by the IDEA Foundation (since June 1987).

IDEA, with 14,000 members in 45 countries, is the world's largest professional organization for aerobics/dance-exercise professionals. IDEA promotes safe and effective exercise through networking and education of its members.

"Safety guidelines within creative limits is the key to maintaining an effective aerobic program" adds Spies.

High school plans 75th anniversary

by JOSEPH SOULAK

Antioch High School will mark its 75th anniversary in 1990 and it wants the entire area to join in. A committee is now being formed to begin planning for the yearlong observance throughout the 1989-90 school year.

"We want activities and programs everyone can become involved in," Supt. Gary Ellen said. "Seventy-five years is quite a milestone."

First planning meeting will be in August. Ellen is looking for people to join in helping with the observance from Antioch, Lake Villa, Lindenhurst and the surrounding area. Just give him a call at (312) 395-1421. "Interested people are wanted," the superintendent said. "They don't need any particular expertise, just a desire to help plan this observance."

Only two activities are planned thus far. One of the biggest will be a reunion of all classes to graduate from Antioch at the October 1989 football homecoming. Second is the design of a uniform vehicle sticker for all villages in the high school district. Colors for each community will be different. A student art competition may be conducted for the design, but Ellen said this idea is subject to change.

There is no living student from the first graduating class in 1915, Ellen said. "There really weren't that many students in the first class," he said. Prior to that time students attended high school in Waukegan. When it was decided to have a high school in Antioch, classes were conducted locally in churches and temporary facilities.

Since the high school was opened there have been at least six additions to the main building at 1133 Main St., Antioch. Planning is now underway for another one in the near future.

Board meets

The Antioch Village Board holds two meetings a month in the meeting room of the village hall next to the police station on Main St. The meetings are held at 7:30 p.m., on the first and third Mondays of the month. Public hearing are held in the same place and unusually precede the board meetings.

Antioch Mayor Ray Toft presides over the meetings with trustees, Village Clerk Marilyn Sterbenz, Village Atty. Ken Clark and public in attendance.

Vikings sign up for football

by CAROLYN HAM-MOND
(312)395-6081

Rain softly falling on the rooftop. Has there been a sweeter sound this summer? We'd better remember to be grateful next time rain spoils our plans and we start to complain. Next on schedule will be the scourge of all summer nights and outside activities—mosquitoes. Watch for them in about a week. The drought did give us one thing besides the prospects of higher food prices and water bills, no mosquitoes for practically two-thirds of the summer. Now that's a blessing in disguise.

What happens next in Antioch? For the next week or so activity will be almost in tune with the weather. Most organized summer programs are over or are drawing to a close. Maxwell Street Days are coming soon, July 28 to 31. The Lion's Club picnic is on the horizon as is the annual fireman's parade, but we have to get through July first. Right now it's vacation time for those parents with children involved in things and a chance to get away from all before the fall schedule heats up. It's hard to believe that in less than a month our college students will be packing again and local school registrations will be in progress. Time sure moves on.

Remember, before you head for parts unknown, if you have boys or girls in grades five through eight, you might want to register them for the Antioch Vikings Youth Football and cheerleading fall program. It's a won-

derful way for them to learn the fundamentals of the game and play against those of their own weight class. Not

adapted by David Rogers. Mickey Mandel will direct this comical farce at its finest. Opening night will be

Friday, July 29. Get your reservations early by calling the ticket line at (312)395-3055.

Keep the rain coming!

Rotary Club officers

New officers of the Antioch Rotary Club were installed during a party with a Hawaiian theme at Sterbenz' Little Acres. Former club president Ted Axton, left, with his wife, has been succeeded by Reed Ana, right, as the new leader of the civic organization.

everyone has the build to play later in high school, so this program gives them the only experience they may have with the game. They have a great time, and the program is well-run, using quality equipment. Registration is at the Antioch Scout House, 741 Main St. Hours are 6 to 9 p.m. on Friday, July 22, and 9 a.m. to 1 p.m. Saturday, July 23. The registration fee is \$40. All participants must have a copy of a birth certificate or proof of birth to be filed with the Viking organization. The first practice will begin noon, Saturday, Aug. 6 at A.C.H.S.

Antioch's own gem, PM&L Theatre, continues to move ahead as it finishes rehearsals for the last show of its 27th season, "Tom Jones" by Henry Fielding as

Eight teachers have perfect attendance

Eight Antioch grade school teachers had perfect attendance during the past school year. But the overall attendance of teachers was not so good. They had an average of 4.8 days when they were not in school.

They were better at attending school than their charges, who had an average of 8.1 days of absences last year, according to a report by Supt. Don Skidmore.

Last year's absence rate was the highest in five years, according to the superintendent's report. The average for the 1982-83 school year was 4.26 days, average for the 1983-84 year was 4.46 days, for 1984-85 it was 3.99 days, for 1985-86 it was 4.46 days and for 1986-87 it was 4.30 days.

Teachers with perfect attendance last year were Frank Bessete and Joyce Olson of W. C. Petty School, Wayne Ochwat of Antioch Upper Grade School, Joyce Kufalk and Jeanine

Nelson of Oakland School and Linda Johnson, Rebecca Liddle and Gloria Rowland of Antioch Lower Grade School. All were sent a letter of thanks from the board of education along with a gift certificate to a local restaurant.

Lindenhurst gets tough on speeders

Lots of drivers speed through Lindenhurst. Those going at least 14 miles an hour over the speed limit have an 80 percent chance of getting a ticket. Speeders going 10 to 14 miles an hour over the limit will get caught 20 percent of the time. Drivers 1 to 10 miles an hour over the limit are largely ignored by Lindenhurst police because, in the words of Chief Gary Kupsak, "We'd be stopping people all of the time and wouldn't be able to do our other police work."

It is relatively easy to get a ticket for a moving violation in Lindenhurst. Speed limits on Grand Ave. are 40 miles per hour from the east village limits to Hillcrest Ave., 35 miles per hour from Hillcrest Ave. to Lindenhurst-Granada Ave., 40 miles per hour between Granada and Prospect Aves. and 30 miles per hour from Prospect Ave. to Deep Lake Rd. Limits on residential streets are 20 miles per hour. The chief said on Beck Rd. near Rolling Ridge Ave. near a peat bog with hill in the road and the speed limit 20 miles per hour it is possible to "make traffic stops all day long."

Even Mayor Robert Ratch and village trustees admit the average speed of motorists on village streets is 25 miles per hour. Village Mgr. James Stevens said he knows of motorists who deliberately avoid Lindenhurst to prevent being stopped.

Speed limits on other streets and roads in, around and through the

village vary between 20 and 35 miles per hour.

Whether 1 or 14 miles an hour over the speed limit, the cost is \$33 plus assessment of points against the driver's license.

Lindenhurst police issue an average of 180 citations per month. Kupsak said many other verbal and written warnings are handed out.

Traffic stops are seldom made for going 1 to 9 miles per hour over the speed limit, the police chief said, because of the difficulty in getting a conviction. He said courts are reluctant to levy fines for less than nine miles per hour. "We'd be stopping drivers all of the time," the chief said about strict speed law enforcement. "We have to deal with allocation of resources," he said of an 11-member force that is now down to nine officers plus two part-time auxiliary policemen.

For every call Kupsak or village trustees get about having less traffic enforcement, they get up to five others asking for more. They say residents want to see more police on patrol throughout the village. Kupsak said he attempts to do this on weekends when more people are outside. He also noted every shift is instructed to patrol all village streets at least once. But this is not always possible due to traffic stops and other calls.

Moody Bible leader visits

On Sunday, July 24, Dr. Joseph Stowell, the new president of Chicago's Moody Bible Institute, will speak at the Chain of Lakes Community Bible Church. The meeting will commence at 6 p.m. in the church's temporary home in the Antioch VFW hall on North Ave., just east of Rte. 23.

Dr. Stowell just recently resigned as pastor of the Highland Park Baptist Church in Southfield, Mich., a church of 2,500 members. He served there for six years. He is also an author as well as the editor-in-chief of Moody Monthly magazine, the largest selling religious magazine in America.

The meeting is part of the church's summer series called Ten Outstanding

Summer Sunday Nights. For more information, call the church at (312) 356-2050.

The Miss Lindenhurst Pageant will kick off Lindenfest on Wednesday, Aug. 17, under the main tent in the parking lot of the village hall.

Entry forms and rules are available at the Lindenhurst Village Hall. Call (312) 356-6011 for more information.

BEST FOOT FORWARD

FROM THE OFFICE OF DR. PAUL ABLER

SKIN GRAFTS FOR DIABETICS

Diabetics have a much greater incidence of serious foot problems than the general population. A frequent occurrence is the appearance of ulcers on soles. Foot deterioration from infected ulcers can require extensive surgery.

In some cases, the ulcers are treated by means of skin grafts. This sometimes avoids the need for amputation or cutting away bone. A skin graft can be done only if a patient has good blood supply in the affected area and meets other criteria.

Conditions that encourage ulcer formation include injuries, poor circulation, excessive callous tissue, infections, and pressure of tight shoes.

Among diabetics with good circulation, most foot ulcers can be healed if diagnosed and treated early—one more reason for the diabetic to get periodic checkups by the podiatrist.

The Lindenhurst Park Dist. will offer an eight-week Fun for Tots class on Monday and Wednesday starting Aug. 22 and continuing through Oct. 12.

Tots three to five years of age will learn through various play experiences.

Classes will be offered on Mondays and Wednesdays from 9 to 11 a.m. and noon to 2 p.m.

Fees are \$43 for residents and \$51 for non-residents.

For more information call the Lindenhurst Park Dist. office at (312) 356-6011.

Water work on Beck Rd.

Lindenhurst will spend between \$30,000 and \$35,000 to improve drainage on Beck Rd. between Sand Lake Rd. and Rolling Ridge Lane. This will qualify for 75 percent state and federal funding to underwrite the improvement of the street in this area. Without the drainage corrections, the state said the village would have to pay the entire cost of the resurfacing project.

When the work is completed speed limits will be increased from the current 20 miles per hour to 30 miles per hour.

DOCTOR'S FORUM

PATIENT TESTAMENT: American International Hospital, Zion, Illinois

Since 1976, American International Hospital has offered one of the most innovative cancer treatment programs available anywhere in the world. A former patient tells his story about how American International helped him during his fight against cancer.

Four years ago, Chester Jermakowicz believed that cancer would end his life... Today he's back on the job.

"The doctor said that I was loaded with cancer. It was so bad that I didn't think I would make it another year."

A bone scan revealed that Chester had cancer of the prostate. Surgeons removed the gland and all was thought to be well until Chester's legs swelled and his doctor did not know why. Chester then made an appointment at American International Hospital.

Another bone scan revealed that cancer had spread throughout Chester's body. He was terrified, but determined to fight back.

As a patient, Chester chose to fight cancer with low-dose chemotherapy and a special diet loaded with fresh fruits and vegetables, vitamins and minerals to help his immune system fight cancer naturally. On February 10, 1987, tests showed that Chester's cancer was in complete remission.

"Just because you have cancer doesn't mean you can't get better," says Chester, a 62-year-old ceiling installer from Antioch, Illinois, who returned to his job in October 1987.

Discover the full range of cancer treatment possibilities. For free information or to speak with a cancer specialist, please call 1-800-FOR-HELP.

Special kind of progress

In an economy keyed to growth and development, where creation of new jobs is the fuel that runs the engine, just about any new enterprise that provides more jobs can be looked upon with favor.

For various reasons, some new enterprises can be viewed in a more favorable light than others. In that category is the transfer by CHF Industries, headquartered in Grayslake, of 32 jobs from a plant in Racine, Wis., to Waukegan.

Besides the new jobs CHF is bringing to Lake County, the company will utilize space in the former Johns-Manville plant in Waukegan. That's a plus. CHF has deep roots in Lake County, tracing its history to Chicago Hardware Foundry, once a major

employer in North Chicago. The new Waukegan facility will provide space for the construction of pedestal table bases for CHF, a major producer of laminated tables for hotels, restaurants and offices across the nation.

CHF President William Durmer, a resident of Lindenhurst, is deeply committed to economic development in Lake County. He's active in a number of local civic and business endeavors. Significant growth is predicted for the new Waukegan plant.

The CHF picture, as we see it, adds up to a successful American company led by a local resident in expanding on its home turf. That's the kind of progress we like to see. We hope the entire community joins in applauding this kind of growth and development.

Complicated Hainesville life

Maybe it's the heat or the dry summer. Whatever, the job of running Hainesville, one of Lake County's smallest villages in population, appears to have gotten too big for Mayor George Benjamin.

The feisty, "give no quarter" mayor of Hainesville, which takes great pride in being known as the county's oldest village, is well known for his verbal jousting. Now he's acquiring a reputation for physical jousting after a shoving incident at a council meeting.

By promoting progress and good relations with neighboring municipalities, Benjamin has come a

long way in living down Hainesville's once well earned reputation as northern Illinois' premier speed trap.

Dealing with a barrage of complaints from irate neighbors over noise from a trap shooting club and ironing out kinks associated with establishment of a sports complex, life has been more complicated lately for all Hainesville officials. But when is serving in public office a breeze? Mayor Benjamin ought to learn to roll with the punches (no pun intended) or else Hainesville will be carving out a new reputation—the home of "Battling George".

Everybody's business

Although 97.4 percent of all mass transit rides last year were with carriers in the Chicago area, mass transit is everybody's business in Illinois because of the system of public subsidies. The fare box accounts for only half of operating costs. The rest is made up by local taxes and state and federal subsidies.

In fiscal 1987, mass transit spending from appropriated state funds totaled \$166.7 million, \$23.6 million below fiscal 1978 levels. After declining \$142.3 million to \$48 million in fiscal 1981 with the elimination of Public Transportation Fund grants, spending increased \$118.7 million over the past six fiscal years due to the reinstatement of grants from that fund in fiscal 1984.

Direct spending from the General Revenue Fund and Road Funds for mass transit declined from in excess of \$25 million in fiscal 1978 to \$8 million in fiscal 1987 because of the elimination, in 1980, of subsidies to carriers who offered reduced fares to students and senior citizens.

Another source of state funds for mass transportation is bond monies deposited in the Transportation Bond Series B Fund. As of June 30, 1987, \$725

million in mass transit bonds had been authorized and \$466.8 million had been issued.

Mass transit ridership in Illinois felt a sharp drop because of significant fare hikes. The peak year for ridership was 1979, when 848.5 million rides were taken on public transportation statewide. Following fare increases in 1981 for the Regional Transportation Authority and the CTA, ridership dropped to 724.9 million in 1983.

In 1981, the basic CTA fare with transfer increased from 70 cents to \$1. Similarly, an average commuter pass for the RTA increased from \$40.50 to \$79.65.

State Comptroller Roland W. Burris offered an interesting statistic about mass transit. On the average, each Illinois resident used mass transportation 64 times in 1987, for a total of 732.1 million rides. Obviously a vast number of citizens never got near a commuter train, an El car or a bus, but the figures dramatize the size and scope of mass transit. Because of its size and the subsidy system, mass transit will continue to be everybody's business.

Rails more practical

Editor:

I recently read a story on the "wish list" of transportation projects for the year 2005, featuring the Rte. 53 extension as the major undertaking.

One project not mentioned in the article is establishment of commuter rail service on the Wisconsin Central line from DesPlaines to Mundelein. I am sure that both that and the Rte. 53 extension will be needed, but here is why the former is more practical:

1) Cost—an expressway typically costs \$10 million/mile, or over \$100 million for the 10-mile extension, compared with \$41 million—including rolling stock—for the rail service. Once established, it is expected to pay for itself out of fares. At any rate, it will not cost the county by removing land from the tax rolls.

2) Right-of-way—the Wisconsin Central line is already in place, with room to add passing tracks in some areas, if necessary.

3) Politics—Whichever route is chosen for the expressway, it will probably arouse opposition along its path. However, the communities along the Wisconsin Central have so far not objected, and some would welcome the convenience.

The rail line would serve south Lake County residents who work in the northwest suburbs and downtown Chicago, part of the Rte. 53 market. It would therefore reduce congestion on this new expressway, should it be built.

Grayslake in recent weeks that have given some cause for optimism for open space advocates. First, the village board has agreed to implement an open space and environment protection program. The ideas in the proposed program are excellent, including encouragement of Forest Preserve purchases in the Grayslake area.

The second event was the presentation of the new comprehensive plan at a recent public hearing. The plan begins with goals which include maintaining a "small-town environment", balancing "open space needs with tax base expansion", and encouraging "retention of agricultural or open space lands along Grayslake's periphery." The plan also includes a proposed greenway corridor system of trails to link all areas of the village.

As a Grayslake citizen interested in preserving the character of Grayslake and the quality of life we now enjoy, I

find these events encouraging. However, I believe they are just a beginning in what is going to be a long battle to fight excessive development and loss of valuable and irreplaceable open lands. I believe that the next few years will be some of the most important years in the history of Grayslake. If we don't deal wisely with the development that is inevitable and that is already "knocking" at our village door, 10 years from now Grayslake will not be the same town that we now enjoy living in so much.

Another side to remembering Aug. 6 bombing

by BILL SCHROEDER

Bet on it. In a few more days, media pundits will be trotting out the annual bewailment over our dropping the Big One on Japan in 1945. A low point in U.S. history, the heavy thinkers cry.

Lee Hazel, a pre-Pearl Harbor gob, shares this writer's disdain for the liberals and assorted bleeding hearts who decry the U.S. atom bombing of Japan. Aug. 6 will be another anniversary of that history turning event.

As a Navy veteran of six and a half years service during World War II, Hazel looks at the dropping of the A bomb as "something that had to be done." The retired American Airlines employee isn't a warmonger. "There's another side to the bombing of Japan. The atom bomb foes forget that we lost a lot of people, too. What about Pearl Harbor? Dropping the bomb ended the war and saved a million American lives. If it hadn't been for Aug. 6, a lot of us wouldn't be here today."

True. The A bombing was one of the realities of war—a military decision to halt needless continued slaughter and end hostilities.

Hazel enjoys keeping abreast of military developments and doing his own part to memorialize the men who gave their lives in service of their country. He and his wife will be in Norfolk, Va., Aug. 7 for dedication of the refitted USS Guadalcanal, a state-of-the-art amphibious warfare ship. The trip to Norfolk will make them a few days late for the Aug. 7 dedication of the new Guadalcanal Campaign Veterans Center in Kalamazoo, Mich. "But we'll make both places," Hazel vowed.

When war was declared Hazel was on duty in the North Atlantic where U.S. warships were protecting American ships against German submarine warfare. He spent four months on Guadalcanal and was among the first group of troops to be shelled by a Japanese battleship. Hazel enlisted as a teenager in March, 1940, from his hometown of Cicero to realize an ambition "to go to sea." He's never gotten the Navy out of his blood.

NOT 'OFF TRACK'—Brian Churchill of Lake Villa called to say that the folks in Vernon Hills aren't "all wet" in their anger over excessive horn blowing by passing Wisconsin Central freight trains.

"I used to live in Vernon Hills and I know. Now I live in Lake Villa," commented the computer operator, "and it's worse. I've got 30 neighbors who agree. Wisconsin Central is terrible." Churchill said the problem might lie with one engineer who is "horn happy".

HERE, PIGGY!—One of the hottest county fair attractions in the nation, Robinson's Racing Pigs, will make an appearance at this year's Lake County Fair opening July 27 at the fairgrounds, Rtes. 45 and 120.

The fast moving porkers will race 30 times. No jockeys, I'm told. Income from individual race sponsorship at \$100 per race will go to charity, according to Richard Raftis, manager of the Lake County Farm Bureau, overall sponsor of the racing pigs.

Solons saved Sox, avoided tax hike

by JOHN MATJEVICH
STATE REPRESENTATIVE

Midnight of June 30 is always a tense and emotional scene in the legislature. It used to be more so years ago, when, under the old state constitution, we were obligated to finish our work by midnight, so the clocks in the chambers were actually stopped until the legislative session concluded. Galleries were always packed.

Under the new constitution, we can go beyond the midnight deadline, but votes then take a three-fifths majority to be immediately effective. That means there's still some drama. The very controversial issues usually can't muster the extraordinary vote, so everyone has one eye on the clock during the debate.

This year, two highly explosive issues were still unresolved before the midnight hour, Chicago school reform and the Save the Sox package. The Republicans had their own school reform bill, which would have decentralized the Chicago school system into 20 separate districts. Their tactic, then, was to stall the issue to show Democrats that they could forestall the vote past midnight when Republican votes would be needed.

It became obvious that school reform couldn't be done by the "Cinderella hour," so the White Sox bill was called around 11:30 p.m. Governor James Thompson, who a day earlier had signed a lease agreement with the Sox owners, was on the floor to lobby Republicans.

It was a race against time. Someone joked, the White Sox had just lost a night game to the Yankees; to lose in Springfield would be a double-header defeat. The debate was closed off after about 20 minutes. Speaker Michael Madigan said that the "new bill" didn't require any more funds than had

already been established in the 1986 legislative package as enacted.

When the roll was called, it looked like certain defeat with less than 40 votes of the required 60 on the board, and only 10 minutes left on the clock. That's when the arm-twisting began, and one-by-one votes were added. It was finger-nail biting time when the board was one vote short just as midnight was about to strike. The final vote was added, and the gallery filled with White Sox fans jumped with joy.

As I write this, the school reform bill has not yet been called on July 1 so I can't report on what form it will take or if Chicago school reform will be enacted this year. I believe that the Democratic plan which would have reduced the bureaucracy of the Chicago school system, and would have given more parental and principal control, was a viable plan.

The session will be remembered more for what it didn't do on the key issue - Governor Thompson's tax increase. Speaker Madigan has been wrongfully maligned because he, more than anyone killed the tax hike. He did it, I believe, because he was never convinced that the new revenue was absolutely necessary.

Even without a tax increase \$200 million was appropriated for education; \$135 million for elementary and secondary, and \$65 million for higher education. No one is happy with that amount, but we believe that it will still meet education needs in Illinois.

The even-numbered year of the biennium is supposed to limit itself to budgetary or emergency issues. To that end, we passed less bills than usual. It's about time. I believe that the tax-payers are better served by such a restricted session. In later columns, I'll report on some specifics of the Spring Session.

Jury decides fatal crash money award

Following a four-day trial before Judge Charles F. Scott, Atty. Robert J. Long of Antioch prevailed in a case brought against a drunk driver who crossed the center line of Rte. 176, just west of Wauconda, and killed three women on March 2, 1985.

The accident occurred when Ronald Acker borrowed a 1974 Cadillac belonging to his sister's stepson, Jeffrey Smith. Acker claims to have no memory of the event since he was drunk at the time. He smashed the car into a parked vehicle near the accident scene only minutes before the fatal collision.

The 6,800-pound vehicle literally compressed the 1,800-pound Chevette the women were riding in, Long said. Two of the women, passenger Mary Ann Hoffman and driver Beverly Robinson died almost immediately from the force of the impact. A second passenger, Colleen Byrne, was comatose for a week before dying. The drunk driver escaped with only minor cuts and bruises.

Acker admitted liability at the start of the

trial. Jeffrey Smith was sued for negligently entrusting his car to Acker, whose license was suspended or revoked and who had a history of several DUIs and reckless driving charges and convictions. He claimed Acker had stolen the car.

In the presentation of the case, Long contended that Smith had not only impliedly allowed Acker to use the car, but had actually given him the keys. Long further contended that Smith's entire story was a pack of lies intended to cover up

the true facts and avoid liability.

The jury apparently agreed, and found that Smith had given Acker permission to use the car the night of the collision. The jury awarded the survivors of Mary Ann Hoffman \$1,005,481; the survivors of Colleen Byrne \$504,429; and the survivors of Beverly Robinson \$535,233.

In commenting on the trial, Long said he hoped to bring this high level of trial advocacy to the office of Lake County State's Attorney, for which he is running.

Postal hours will return

Window service hours at post offices across the nation, which were reduced in February as a temporary measure in response to the Omnibus Budget Reconciliation Act, will be restored in a way that best meets customers' needs locally, according to Charles Caton, general manager/postmaster of the North Suburban Div.

Caton said the decision to restore some window service hours will be effective Sept. 10. It was

announced by Postmaster General Anthony Frank.

The postmaster general told the board that savings generated by other actions, primarily internal, will be sufficient to meet the requirements of the budget act.

Service hours were reduced at post offices by an average of one-half day a week to meet budget requirements.

Politically speaking . . .

by Joseph Soulak

Chicago radio personality Robert "Bob" Collins is making a habit out of hanging around with Lake County sheriffs. He was a good friend of the late sheriff, Robert "Mickey" Babeox, to the point of having him on the air several times.

He is now becoming close friends with Sheriff Clinton "Clint" Grinnell. He recently emceed a well-attended fund raiser for the Republican standard-bearer in the fall election.

It's not that Collins, who lives in Lake County, wants to insure against getting tickets on his way to work at WGN radio at 3:30 a.m. or while riding his motorcycle on weekends. "I just happen to like Babeox and Grinnell," he said.

Collins' friendship with Babeox goes back several years, the No. 1 Chicago radio morning man said. "One day he disliked something I said on the radio and called me up afterwards," Collins recalled. "We had a nice conversation. I never realized who I was talking to. About six to eight months later I was having dinner with my wife at the Highland House in Highland Park. All of a sudden this man came up to me, introduced himself and we started talking. From that time forward we were good friends."

When it comes to public service, Recorder of Deeds Frank Nustra hasn't been the only member of his family in the public limelight. His wife, Florence, was the appointed Highland city collector for 17 years, from 1951 through 1968, when the couple's two children finished college.

He has bragging rights, though, for his 52 years of holding elective office starting with Highland precinct committeeman in 1936. Those were the days when jobs were hard to come by, if at all. "That way I could always say I had a job," the friendly recorder said, "even if it didn't pay anything."

Every so often those who make the laws wonder if the way they think and vote in Washington is the way the folks back home like. So they send out a questionnaire. That's what 10th Dist. Congressman John Porter (R-Deerfield) did.

Overall results were, generally, in support of the Republican line on matters ranging from giving President Ronald Reagan line-item veto authority to controlling spending and the need for a balanced budget.

There was a surprising section on the minimum wage controversy. Respondents are opposed to rising the federal minimum wage from the current \$3.35 per hour to \$5.05 per hour by the year 1990 (56.9 percent to 39.2 percent) and overwhelmingly oppose

repeal of all minimum wage laws (74.4 percent to 20.1 percent).

Illinois isn't exactly full of political payrollers. Illinois has 446 people—349 local employees and 143 state employees—for every 10,000 population. That puts the state fifth lowest in the nation. States with even fewer payrollers are Kentucky with 445, and Rhode Island, Missouri and Pennsylvania with 440.

Two neighbors are running on the Democratic ticket for the County Board in Dist. 4. The district includes Antioch, Lake Villa, Grant and Avon townships.

The two are Scott Brissey and Gene Morris, both Democratic precinct committeemen, who live less than one mile apart. Their Republican opponents are newcomer Suzie Schmidt and incumbent Jim Fields.

If you haven't thought of doing so, volunteer some time at either the Republican or Democratic booths at the Lake County Fair. This year's farm and home extravaganza is Wednesday, July 27, through Sunday, July 31. Booths of both parties need people other than the candidates to hand out literature. Its fun, a chance to meet some people you haven't seen in a long time and, maybe, rub elbows with the political movers and shakers of the county and state.

If you spot a station wagon with the personalized license plate POETIC, you might want to stop, look and listen. Behind the wheel is Betty Ann Moore, the new chairman of the Lake County Democratic Party. "It's for 'poetic justice,'" she said of the plates.

Those words can be taken in several ways, beginning with the fact this died-in-the-wool Democrat is doing what she wants and loves championing the cause of her favorite political organization. She has labored in the political vineyards of Lake County for 12 years. In that time she served on the Lake Bluff Plan Comm. for nine years, the Lake County Planning Comm. the past four years, was the Lake County coordinator for the Adlai Stevenson Jr.-Mary Grace Stern gubernatorial ticket and currently is an administrative aide to Stern.

"I'm the flag waving, foot stomping, all-American citizen type of Democrat," she said. "I'm also big on a strong two-party system and want to do my best to make sure we have exactly that in Lake County." So keep an eye out for that POETIC license plate. It means you have just been touched or soon will be by a ball of Democratic fire.

Democratic Party Chairman Betty Ann Moore

Outline sewer plan

Timetable has been developed for expanding the Lindenhurst sewerage treatment plant. Built in the 1960s by developer Mort Engle, the plant is now reaching capacity and must be expanded to accommodate the future growth of the village.

As now proposed, bids for the project will be awarded in late November 1987, construction throughout 1990 and start up of the new plant in April 1991.

"This is a best guess estimate based on preliminary meetings with Donohue and Associates, which has been hired to help select a design engineer," village Engineer John Heinz said.

As required by state law, the village has hired a firm to help pick a design firm for the plant expansion. It is expected a list of engineers will be

presented to the village board in August for review prior to formally hiring a firm in September.

Design is expected to begin in February 1989 and submitted to the Illinois Environmental Protection Agency next summer prior for approval prior to advertising for bids in October 1989.

Plans call for expanding the village's 1-million gallon per day treatment plant to at least 1.5-million gallons, possibly more, depending upon cost and available financing. The plant currently handles 700,000 to 800,000 gallons per day.

Financing will be by revenue bonds from fees charged users in Lindenhurst and, possibly, general obligation bond to be voted on at a forthcoming election.

BUSINESS BRIEFS

Mundelein

Transit officials are projecting that proposed commuter rail service from Mundelein to the Loop on Wisconsin Central rail tracks would generate more fare revenues than any line in the Metra System. Buffalo Grove, which would be served by the proposed line, was praised for its outstanding commuter rail service planning. An ad hoc Wisconsin Central committee for suburban commuting will meet Thursday, Aug. 11, at a location to be named.

Green Oaks

United Way of Lake County has extended an open public invitation for the groundbreaking of the future office at 9 a.m. Tuesday, Aug. 9, at the Oak Grove School site at Buckley and O'Plaine Rds. Roy Kerr, board president, said this will be the organization's first permanent home.

Bannockburn

College Park is a new office facility being erected on 35 acres sold by Trinity College at the intersection of Tri-State Tollway (I-90) and Half Day Rd. (Rte. 22). Trinity's 20-year-old gymnasium was demolished to make way for the commercial building being developed by Dolan Associates. New modern Kenneth Meyer Sports Center will replace the gym as Trinity steps up sports participation with varsity football under former Bears' star Leslie Frazier as head coach.

For the third time in less than a month, Commonwealth Edison customers have established a new all-time record peak demand for electricity. On Friday, July 15, customer demand reached 16,211,000 kilowatts between 4 and 5 p.m., breaking the mark of 16,138,000 kilowatts set June 21. The following day, Saturday, July 16, customers set a new record for electricity use on a weekend day. The new mark, 14,049,000 kilowatts, recorded between noon and 1 p.m., broke a record of 14,026,000 kilowatts which had stood only since June 25. Levels of electricity demand rarely seen before in northern Illinois are becoming commonplace, Edison noted, as unrelenting hot, humid weather continues. The company's five highest historical peak demand days have been recorded since June 20, the first day of summer.

Lindenhurst

Edward Macek of Lindenhurst received an award at Metropolitan Life Insurance Company's "Leaders Conference" for his outstanding sales achievement in 1987. Macek, a sales representative with Metropolitan Life's Waukegan branch office located at 2740 W. Grand Ave., received the sales achievement award at Metropolitan's annual business conference at the Broadmoor Hotel, Colorado Springs, Colo.

Lake Villa

North Star Travel Inc. of Lake Villa is doing a little traveling of its own. This week it opened a branch office at 2232 E. Grand Ave., Lindenhurst, next to the McDonald's restaurant. The new location is a shared office with The Connections, a tanning salon. It will be operated by Becky Christenson, a partner in the two-year-old business. James Warnken, the other partner, will remain at the Lake Villa location, 200 N. Rte. 83 in a new shopping complex. North Star Travel handles complete leisure and commercial travel arrangements.

Oakbrook,
move over
for Warren

So many luxury custom homebuilders are flocking to Warren Twp. in northern Lake County that some observers are beginning to refer to the area as the "Oakbrook of the North."

"Lots suitable for custom building are now scarce in the Oakbrook and Burr Ridge area where we've done a lot of our work in the last decade," says custom builder Dennis Weiss, who is now completing two country estate homes at Hunt Club Farms in central Warren Twp. "So we're doing more out here in Lake County where the growth is."

"Warren Twp. represents the last area open for development with North Shore identity," says Gerald Estes, A.I.A., a land planner for 25 years and former Lake County planning official. "Since the turn of the century when Evanston opened as an exclusive development, that North Shore spin-off identity has evolved along a relentless northerly path. Whether the nickname is 'Lake Forest West' or 'Northeast Barrington', central Warren Twp. has the rolling open land and those socio-economic demographics that spell 'Next Place'."

Estes points to an expanding upper- and middle-management employment base—25,000 jobs in advanced pharmaceutical manufac-

turing alone—located along the I-94 corridor through central Lake County.

Weiss's firm, D.R. Weiss, Builders, has established a 12-year tradition in custom home building based solely on word-of-mouth referrals in luxury west and northwest suburban communities.

"We take most of our custom projects from raw land through design and construction, from start to finish, including landscaping," adds Weiss. "Quality and performance have kept us busy in DuPage County for years; now we look forward to a similar run up north."

Another custom home builder, with an established clientele in Lake County communities running from Lake Forest to Long Grove and the Barringtons, has his own reasons for building at Hunt Club Farms.

"I liked the open space, the size and quality of homes going up at Hunt Club Farms," says Jerry Wilke of J.R. Wilke & Co. "And I tend to look

at developments through the eyes of my clients. After custom home buyers satisfy themselves that their builder is of quality and stature, everything else is location."

Wilke and Weiss are building one-of-a-kind estate homes at Hunt Club Farms.

Homes at the 621-acre equestrian community are priced from \$459,900 to \$859,000, including landscaped homesites.

In addition to Wilke and Weiss, eight other custom builders are currently active at Hunt Club Farms—the Locas Company, Henderson Homes, Bafcor, De Cor Builders, Country Estate Developers, Interlaken, Gibraltar, Inc., and Jawort-Lowell of Illinois.

To inspect builder's plans or construction progress on select homes, stop at the Hunt Club Farms Visitor's Center. Take the Tri-State Tollway (I-94) to Grand Avenue West Exit, go west one-half mile to Hunt Club Rd. and turn north to Stearns School Rd. and follow signs.

CHF brings
plant home

CHF President William Durmer announced that CHF Industries of Grayslake, is relocating its pedestal base plant from Racine, Wis. to Waukegan. The new 30,000 square foot facility will be at the Johns Manville plant location on Greenwood Ave. Manufacturing began on July 18, bringing 32 new jobs in metal finishing to Illinois.

One of the most respected names in hotel/motel, restaurant and office furniture, CHF is the successor company to Chicago Hardware Foundry, once a major employer in North Chicago. The firm moved to Racine in 1968. The company has been in business since 1951. Laminated fabrication is done at the Grayslake facility. The pedestal base facility will manufacture, assemble and finish metal bases.

Durmer stated, "I greatly appreciate the cooperation given to CHF by the Lake County Community Development Committee, the City of Waukegan, and the Center for Economic Development-College of Lake County in facilitating the move." Durmer added, "We look forward to expanding from one-and-a-half shifts to three shifts within the next three years and growing from 32 employees to approximately 50 at that location."

CHF management and ownership has long been active in Lake County and community affairs. Durmer took control of the company in 1980. He has been involved as a vice-president of United Way of Lake County, on the board of trustees of Lake Forest Academy-Ferry Hall, an advisory board member of the College of Lake County, vice-president of Grayslake Chamber of Commerce, and a committee member of the Illinois Manufacturing Assn.

Partnership
acquires
Quaker

Quaker Industries, Inc. has been acquired by Quaker Industries Limited, a partnership consisting of the J.A. Pope Corp., a private investor, and Midwest Industries, Inc., a distributor of fasteners. Quaker will continue to maintain its headquarters in Antioch.

Commenting on the acquisition, Jeff Pope, general partner, said, "We were very impressed with the strong consumer name that Quaker has built since its founding in 1934. Quaker's reputation for quality products provides the basis for building a strong company. We plan to expand and update our product lines to meet current market needs."

Quaker Industries Ltd. is a leading manufacturer of wood and metal tray tables. Additionally, it produces metal decorator and utility shelving, closet organizers and file cabinets for home use.

Carpenters get
2 year contract

Union carpenters in Lake County now are working under a new agreement paying \$19.25 per hour that will increase to \$20 July 1, 1989.

The same rate prevails for Cook and DuPage counties.

Union carpenters in McHenry, Kane and Kendall counties have a new contract up 75 cents per hour that calls for \$18.90 per hour with a 75 cent per hour increase July 1, 1989.

The contract was drawn in bargaining between the Residential Construction Employers Council and the Northeast Illinois Dist. Council of Carpenters. The pact became effective July 1.

Realty to hold career night

Long time businessman and tax consultant Kenneth Meseke announced recently that his real estate firm, Park Avenue Realty, has joined the Realty World system. The business will now be known as Realty World-Park Avenue Realty of Lake County, Inc.

Meseke, who has been in public accounting and income taxes in the community since 1972 and a real estate broker since 1977, said joining Realty World was an important step. "I converted because of the strong educational programs they have for experienced as

well as new sales people in real estate," he said.

"It is my goal to make Realty World-Park Avenue Realty of Lake County as professional and strong as possible," Meseke said. One of his goals is to increase the current sales force from five to 12 as quickly as possible. "Within two years, I would like to have 30 sales associates," he said.

To help accomplish this, Meseke plans to hold a career night on Tuesday, July 26 in his offices at 125 W. Park Ave. in Libertyville.

Dr. Dolan is named Family Physician of Year

Richard H. Dolan, M.D., a member of the medical staff of Condell Memorial Hospital, Libertyville, has been named Illinois Family Physician of the Year for 1988. The honor was conferred by the Illinois Academy of Family Physicians at its 40th annual meeting.

The award honors a physician who exemplifies the tradition of the family doctor and the contributions made by family physicians to the continuing health of the people of Illinois.

Dr. Dolan, a resident of Libertyville, has spent his entire 30-year career practicing family medicine in Libertyville. He currently is president of LMG—The Family Doctors, a group of specialists in family practice with offices in Libertyville, and in the Family Health Center at Hawthorn Center in Vernon Hills.

An associate, Charles S. Colodny, M.D., also a member of the Condell Hospital Medical Staff, said "Dolan has successfully combined the best elements of the 'old country doctor,' which he was when he started practice in 1958, and of the modern, urban family medicine specialist of today. Everyone in the village knows him, and no matter how busy he is, he always has time for them. Patients consider his counsel and advice important to their lives."

Dolan received his bachelor's degree from Loyola Univ. in 1953, graduated from the Univ. of Illinois Medical School in 1967, and subsequently took a rotating internship at Cook County Hospital in 1958. His wife is a registered nurse, and four of their five children are pursuing careers related to medicine.

A past president of the medical staff at Condell Memorial Hospital, a subsidiary of the Medical Center of Lake County, Dr. Dolan is a former member of the board of directors. He is a past member of the executive committee and an officer of the Lake County Medical Society.

Dolan was on the Lake County Medical Society Committee to investigate the formation of an In-

dependent Practice Assn. (IPA). He was later elected president of that IPA.

Certified by the American Board of Family Physicians, Dolan is a member of the American and Illinois Academies of Family

Physicians and the American Medical Assn. His patients honored him in 1987 by naming him the "Best of the North Shore" Doctor in 1987 in the 1987 "Best of the North Shore" Survey conducted by *North Shore Magazine*.

Autschbach joins Skipper

Skipper Bud's Boats has announced that Robert "Butch" Autschbach has joined Skipper Marine Corporation as vice-president of sales and marketing for Milwaukee, Racine, Chicago, Madison, and the newest marina in Oshkosh. Autschbach currently resides in Ingleside with his wife Rosemarie and four children.

With over twenty years in the marine business and ten of those in marketing Sea Ray and Four Winns Boats, he now joins the already fastest growing marine dealership in Wisconsin.

Request smokers refrain in parks

Donald Strenger, president of the Lake County Forest Preserve Dist. requests that all users of the district land not smoke on trails and undeveloped areas of the forest preserves.

Strenger said, "I'm extremely concerned about the potential of wildfires due to the drought conditions in Lake County."

Computer course to run at Vocational

A three-hour workshop will be conducted in August at the Lake County Area Vocational Center in Grayslake. This workshop is designed to give a beginner or potential buyer the skills necessary to begin to use the IBM-PC with confidence. This is a "hands-on" experience course, with one IBM-PC per participant.

In three hours, participants will gain a general understanding of the IBM-

PC, applications packages and the usage of PC-DOS. The workshop will be offered on either Thursday evening or Saturday afternoon.

The Thursday evening session will be held from 6 to 9 p.m. on Aug. 18. The Saturday afternoon session will be held from 1 to 4 p.m. on Aug. 20. Cost is \$50 per person.

For further information, call Jim Sands at (312) 223-6681, EXT. 218, between 8 a.m. and 3 p.m.

Accountants name officers

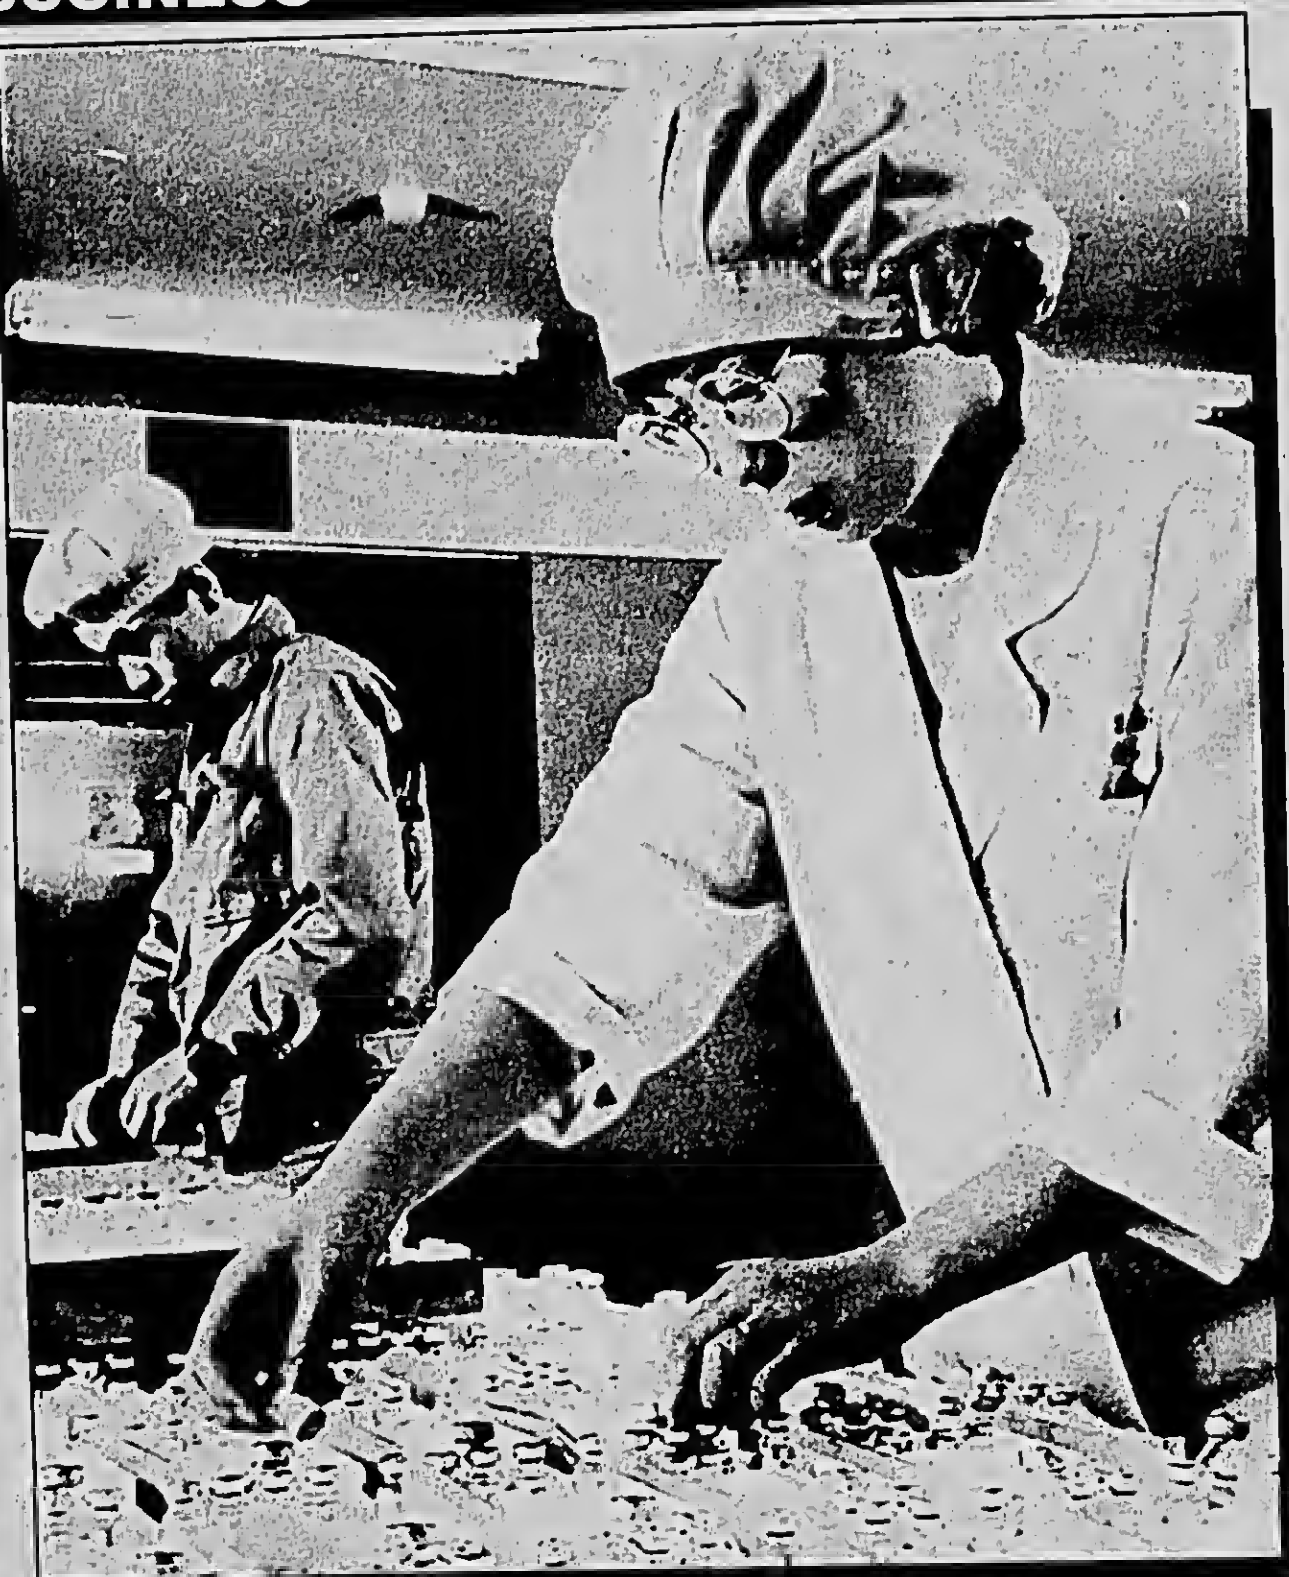

The Illinois Northeast Chapter of the National Assn. of Accountants has named its officers for the 1988-89 chapter year.

The president is Catherine Groscop of Wheeling; secretary/treasurer is Alex Poulos of Waukegan; vice president, education/professional development is Allen Dye of Glenview; vice president, communications/public relations is Gerald Caslavka of Mundelein and vice president, membership is John Clark of Zion.

The first meeting of the chapter year will be held on Wednesday, Sept. 28, at Phil Johnson's in Northbrook.

Named VA chief

Gregory J. Gola, M.S.W., of Libertyville was named chief of domiciliary operations for the homeless veterans rehabilitation program at the North Chicago Veterans Administration Medical Center. Gola, a native of Chicago, received his M.S.W. from the Univ. of Illinois in 1980, then joined the VA as a social worker at North Chicago VA Medical Center. He worked at North Chicago VA Medical Center as a social worker.

Assembling diagnostic kit

In Japan, Abbott Laboratories operates joint venture, Dainabot K.K., with Dainippon Pharmaceutical Co., Ltd. Here Dainabot employees work on diagnostic test kit assembly. Abbott has an increasing presence in Japanese health care market and in 1987 began trading on Tokyo Stock Exchange.

Friend of veterans

Disabled American Veterans Dept. of Illinois has honored Sen. Jack Schaffer (R-McHenry County) of the 32nd Dist., left, for his "unselfish cooperation and assistance in improving and protecting the lives of disabled veterans and their families." Presenting him an award of appreciation is Larry DiPrima of the Dept. of Veterans Affairs.

The gambling city on the river

by JIM WARNKEN, PRESIDENT NORTH STAR TRAVEL, INC.

Are you tired of walking between the casinos on the Vegas Strip? How about going from club to club by boat!

Well, you may not be able to sail down Las Vegas Blvd., but there's a fast growing town a little south of Vegas whose main street is the Colorado River. That river city is known as Laughlin, Nevada.

Laughlin's most unique feature is its transportation system. Free shuttle boats take you to and from the hotels and casinos. Besides transportation, the river's picturesque beauty offers a contrast to the surrounding desert. The clear waters of the Colorado are great for boating and fishing.

Laughlin presently has about six major casino/hotels. Largest is the Colorado Belle, owned by Circus, Circus of Las Vegas. It is a 21-story replica of a Mississippi riverboat. Most of the hotels tend to have a theme. Sam's Town Gold River Hotel takes you back to the old west. Harrah's will be opening later this year.

Laughlin's climate assures a sunny day. Annual rainfall is only 4.2 inches. It can get very hot in the summer. It was 118 during my visit in July. The low humidity does make the heat tolerable, though. (I said tolerable, not comfortable.) Visit Laughlin in the cooler months when Vegas can get a little too cool.

I would not recommend Laughlin as an alternative to Vegas. There just isn't enough name entertainment or shopping to make a stay of more than a day or two worthwhile. Laughlin does, however, make a very interesting side trip during your Vegas stay. It's only about 90 miles south of Las Vegas. It's an interesting drive by rental car, but one of several tour bus trips may be a better way to go. The cost is about \$20, and includes a lunch in Laughlin as well as other goodies. You're driver/guide also gives you some interesting desert history along the way.

So on your next trip to Las Vegas, try the city where the river is your main street.

Celebrities planning 'open'

Planning the annual Republican celebrity golf and tennis open are three county celebrities. They are, from left, county GOP Chairman Robert Neol, Edna Schade as tennis chairman and Congressman John Porter (R-Winnnetka) of the 10th Dist. as honorary tennis chairman. The daylong event will be held at public and private golf and tennis courses throughout Lake County and conclude with a western steak fry and reception at Midlane Country Club.

College hosts workshop

Go team, go! The College of Lake County cheerleaders will host a cheerleading workshop on Saturday, July 23, for children ages 6 through 13.

The workshop will be held from 8:30 a.m. to 3:30 p.m. in the Grayslake campus gymnasium.

Cost for the workshop is \$8.50 for pre-registered

participants and \$10 for walk-ins. Each child must have a completed registration form, which requires a physician's signature. Forms can be picked up at the Health and Physical Center, room 721, Monday through Thursday bet-

ween the hours of 7:30 a.m. and 5 p.m.

Suggested attire for all participants is shorts, T-shirts and gym shoes. All children must also bring a bag lunch for the day.

For more information about the workshop, call (312) 223-6601, Ext. 480.

GOP plays golf, tennis

The 1988 Lake County Republican Open will take place on Friday, July 22.

Golfers will tee off beginning at sunup at Midlane Country Club in Wadsworth, Brae Loch Country Club in Grayslake and Countryside in Mundelein.

For those with tennis as their racket, a mixer to accommodate all levels of play will be held at Kemper Lakes in Hawthorn woods beginning at 1 p.m.

Merv Pilotte of Waukegan, Paul Manahan of Vernon Hills and Edna Schade of Deerfield are this year's co-chairmen. This year's event will be the largest ever. Congressman John

Porter will not only serve as honorary tennis chairman, but will also be one of the celebrity golfers. Congressman Phil Crane will golf at Countryside Golf Course and will say hello to everyone at the celebrity reception to be held at Midlane from 6 to 7 p.m.

Roekenbaeh Chevrolet of Grayslake will provide a year's use of a Chevrolet Celebrity for the first person making a hole-in-one.

Prizes will be awarded during registration, while golf and tennis prizes will be awarded immediately following dinner.

Reservations and tee times will be taken at Republican Party

Headquarters, (312) 623-0235. Regular golf or tennis tickets with dinner are \$60. Tickets for tennis only are \$30, and tickets for golf or dinner only are \$35.

Junior Jaycees to form

Formation of a junior Jaycees has been approved by the Lake Villa-Lindenhurst Jaycees. It will be for children of members, most of whom are already involved in Jaycee projects.

The junior group will conduct one project per quarter with its own budget to cover expenses.

21 named on Deans' List

Lake County At A Glance

Two sons die in crash

MUNDELEIN—Two sons of a Mundelein man were killed in a crash July 11 in Arizona. Troy James, 23, and Jared W. James IV, 18, died after the family van crashed into a parked truck along Interstate 40, outside of Flagstaff. The father, Jared W. James, 52, was driving the van, and passenger Melanie King, 18, Union Lake, Mich., was hospitalized for internal injuries.

Schmit poisoned

ROUND LAKE BEACH—Undiagnosed arsenic poisoning has kept Deborah Nolan Schmit hospitalized and doctors dumbfounded for three months. When arsenic poisoning was discovered, Deborah had already become paralyzed in her arms and legs. Round Lake Beach Police Chief Ed Noe said, "Some other person was the cause of her ingesting it without her knowledge."

Woman burglar wanted

ANTIOCH—Police are circulating a composite drawing of a female in hopes of solving a rash of apartment burglaries that totals 10 in the past three months. Lt. Tom Fisher reported the woman "rings doorbells" in making the rounds of buildings to find unoccupied apartments. Jewelry and cash are the only items taken in the break-ins, he said.

Eye annexation bid

GRAYSLAKE—Grayslake Zoning Board of Appeals have told Florence McKay to go back to the drawing board for plans for her Washington St. property. McKay was seeking annexation to the village, but zoning board members voted to pass on an unfavorable recommendation for R-6 zoning, the highest density zoning allowed in Grayslake. Dennis Ryan, attorney for McKay, said she will be reevaluating her options, which include opting to go to Lake County. About 50 Mariner's Cove subdivision residents jammed the meeting, which had to be moved from Grayslake Village Hall, to express their concerns.

Need customs officer

WAUKEGAN—The Waukegan-Lake County Chamber of Commerce board of directors has adopted a position statement supporting the designation of the Waukegan Regional Airport as a "user fee" airport with a full-time customs officer. "The board acknowledges the growing need for custom services at the airport with the increase of businesses expanding their market into the international economy," Chamber President Charles C. Isely III said.

Hospital bans smoking

LIBERTYVILLE—Medical Center of Lake County, which includes Condell Memorial Hospital, both in Libertyville, has become the first facility of its kind to establish smoking bans and guidelines. As a leading health-care provider, the hospital board said it was responding to the public's increased health awareness in establishing a smoke-free institution. Cigarette smoking is allowed only in specific areas of Condell Memorial Hospital and its outreach facilities. Pipe or cigar smoking is not permitted anywhere. Visitors may not smoke in patient rooms. Inpatients may smoke cigarettes only if a physician has provided written permission.

Plan new park pond

FOX LAKE—Trustees have plans to purchase a two-and-one-half acre swamp in the downtown area to transform into a storm-water retention area surrounded by a park. Officials plan to obtain an appraisal. The wetlands site is adjacent to the Milwaukee Rd. railroad tracks. Plans also include construction of a bus shelter.

Village spares trees

WAUCONDA—To protest the burning of 150-year-old oak trees, 100 residents converged on the village board this week, prompting it to repeal the Halberg Farm pre-annexation agreement. The residents objected to the cutting and burning of the majestic trees to pave way for a 70-unit industrial park on Bonner Rd. east of Old Rand Rd. The property was approved for pre-annexation June 21. On Aug. 16 the County Board will consider five violations against the Lake County zoning ordinance developers Fred Holtgren and Dale Berger are said to have committed while cutting down and burning the trees.

Plan nature preserve

LAKE ZURICH—Property on Lions Dr. north of Main St. (Rte. 22) purchased from developer Fred Weismann earlier this year for \$750,000 will become a village nature preserve with ski trails, hiking paths, picnic area and other amenities. Property owners in the surrounding Ancient Oaks Subdivision and nearby Echo Lake residents objected to construction of a 125-unit apartment complex on the site adjoining their \$150,000 to \$200,000 homes. The village board feels the nature preserve will benefit these and all other residents.

Consider drug law

PARK CITY—Park City may not have much in common with Chicago, but both towns may soon have a "zero tolerance" anti-drug ordinance on the books. Because Park City is a home rule community, the city council has directed City Atty. Rudy Magna Jr. to obtain a copy of the Chicago ordinance and report to the council if it could be adopted for Park City.

Resolves buffer conflict

LINCOLNSHIRE—The park board compromised in a proposal to the village board to build a two-foot berm topped with a six-foot fence that will buffer Olde Mill Common from Route 22. The village board will discuss the proposal at its Aug. 1 Committee of the Whole meeting.

Mann to quit

THIRD LAKE—Third Lake Mayor Charlie Mann will resign her office on Aug. 3. Mann, who is moving from the village, is expected to appoint Trustee Paul Ericson as mayor. Ericson will serve until a special election is held in April, 1989. Mann was elected mayor last year and will be moving to Round Lake Park.

Liberty Lakes reviewed

LAKE VILLA—Organizers of Liberty Lakes, the 26-square-mile-area surrounding Lake Villa, have been told annexation proceedings will be broken off until all efforts to incorporate through the County Board are dropped. Those pushing for annexation or incorporation say they will scale back both the area and number of people to be annexed if Lake Villa will begin a dialogue. Purpose of the movement is to protect zoning of the largely residential area.

Mayor may trade jobs

LAKE VILLA—In office eight years, six-and-one-half of them as mayor, Joyce Frayer may run for her old job of village trustee in the spring elections. "That way I will get my vote back," she said of now presiding at village meetings without being able to voice much of an opinion. If a suitable candidate can be found, she will step down. Otherwise, it could be four more years of the first woman mayor in the village's history.

Day-care to close

MUNDELEIN—A home-run day care center will close down following a the board's refusal to issue a special permit that would have permitted the six-child service to remain open. Current ordinance restricts child care to two children without a permit. Many working parents object to the shortage of day care in the area.

SHS passes survey

VERNON HILLS—Results of the Stevenson phone survey reveal over 80 percent of respondents rank SHS math, science, English and social studies programs as excellent or good. But marks for guidance and college counseling programs were down, with only 60 percent of respondents ranking them excellent or good.

Literacy program

ROUND LAKE—A literacy program, started by Snyestvedt Nursery Co., for its employees, has acquired state recognition, and will be video-taped for distribution throughout the state by the Secretary of State's Literacy Office.

Village engineer quits

MUNDELEIN—Village Engineer Victor Ramirez announced July 18 his resignation because he said his personal goals and ambitions are restricted. His resignation will take effect July 29.

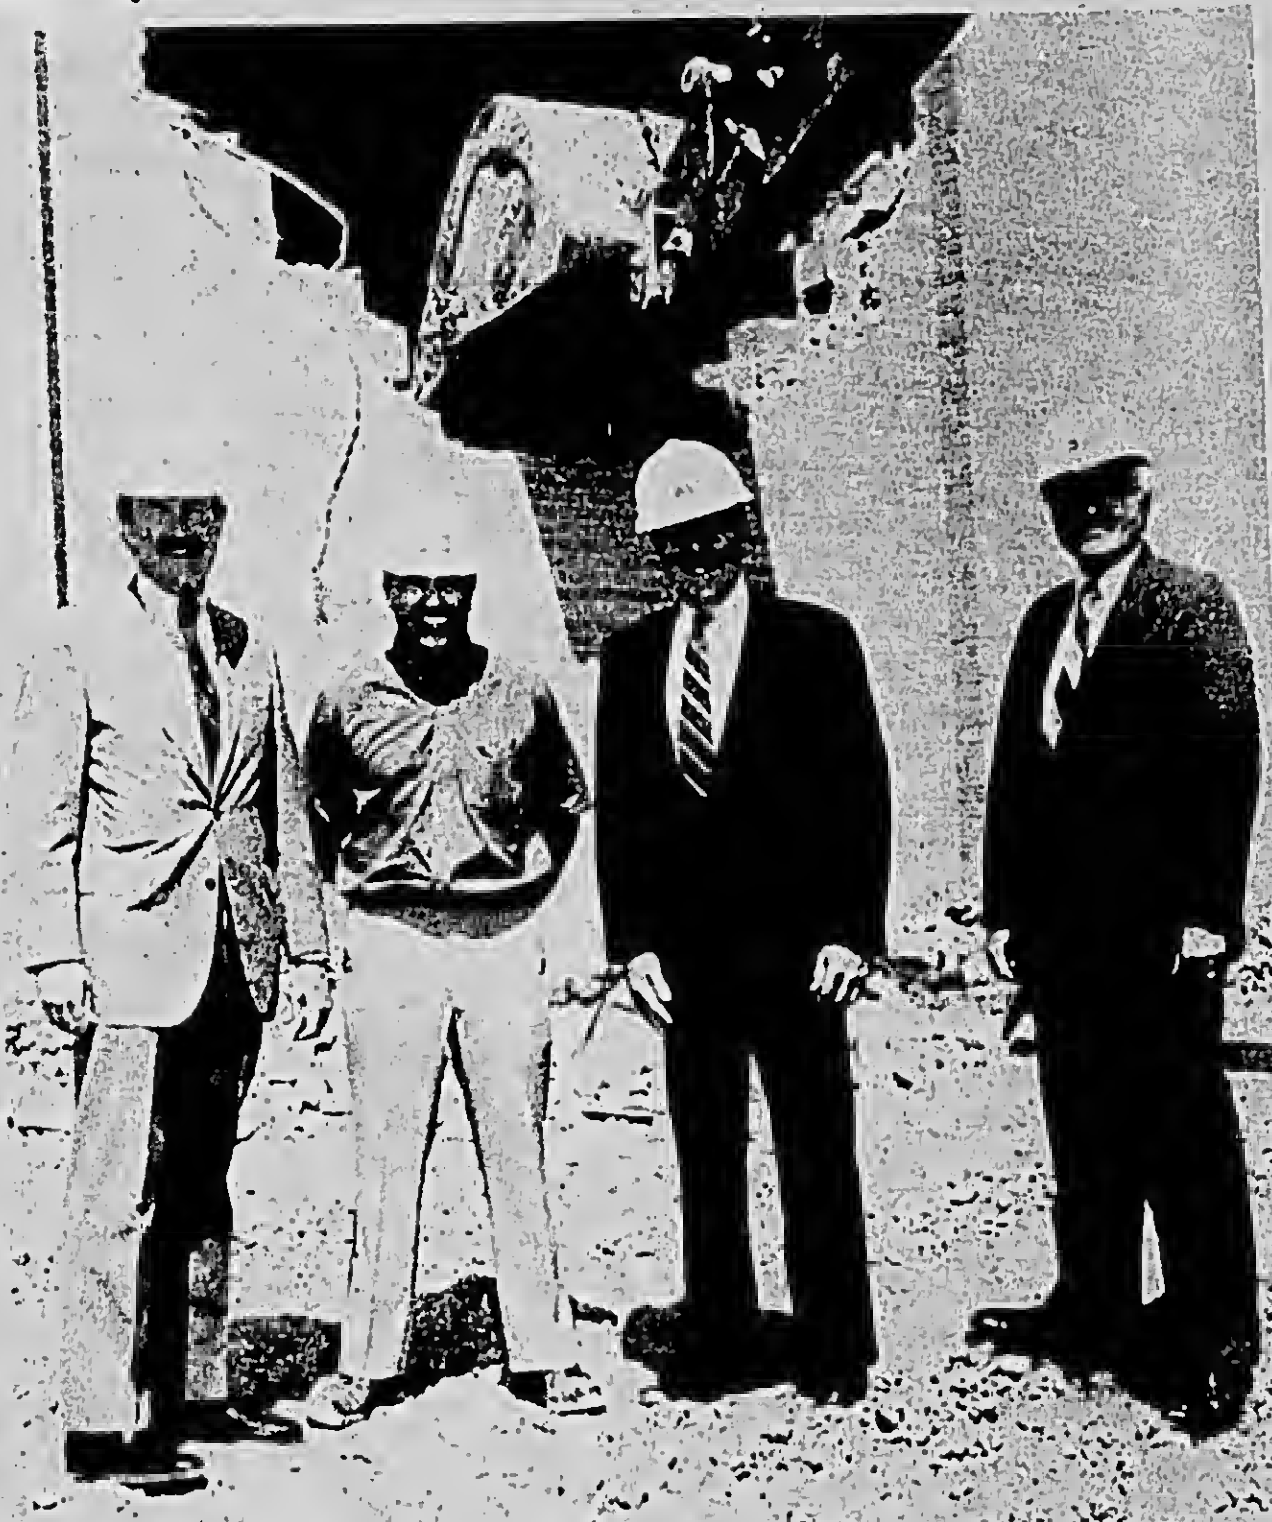

Burglary suspect

This composite of female burglary suspect was developed by Antioch police from description provided by apartment resident who answered doorbell to find a nervous woman acting suspicious. The woman or her accomplices take only jewelry and cash from unoccupied apartments where they ring doorbells at random. If this woman is known or can be identified, call the Antioch Police Dept. at (312) 395-8585.

Speeders watch out!

LINDENHURST—Approximately 80 percent of the 180 speeders arrested each month are going 14 miles per hour or more over the speed limit, says police Chief Gary Kupsak, and the remaining 20 percent driving anywhere from 10 to 14 miles per hour over the limit. The chief said it is impractical to stop cars driving in excess of the 20 to 50 miles per hour limit on streets throughout the village because most drivers would be stopped, police manpower is not available and courts are reluctant to convict speeders driving less than nine miles per hour over the limit.

Make way

Down with old, up with new. That's what Dolan Associates did with old Trinity College gymnasium. Instead of antiquated facility, College Park of Bannockburn office campus goes up. Trinity's sports didn't suffer: newer, modern Kenneth Meyer Sports Center expands college facility. Shown at "down" activity: Harry L. Dolan, president of Bannockburn, Ill.-based Dolan Associates; Robert Doetsch, president of Doetsch Brothers Co., excavating company, Prospect Heights, Ill.; Remo Picchietti, president of Village of Bannockburn; V. Eugene Goldy, Trinity's vice president for institutional development.

Musical notes

When shopping or visiting Hawthorn Center on Tuesday, July 26, check out the Artie Shaw Orchestra at 9:15 p.m. on the stage in the northwest parking lot near Marshall Field's. Chairs are provided or bring your own.

Here's something not to be missed in Gurnee. The Park District sponsors weekly concerts. The musical visitors on Thursday, July 28, are members of the U.S. Navy Band. This sure-fire entertainment program will be at 7 p.m. in Viking Park, 4374 Grand Ave.

Something jazzy is the Sunday, July 24, sailing of the Jazzboat, a two-hour musical cruise featuring the sights of the Milwaukee River and Lake Michigan to the strains of Chuck Hedges Swingtet. Along with all of this live jazz is an unlimited supply of beer, soda and snacks. Dress casual and board the boat otherwise known as the Iroquois at Plankinton Ave. and the river in downtown Milwaukee. For tickets call Unlimited Jazz Ltd. at (414) 453-4422.

Everyone loves the music at Poplar Creek. The big performers this week are Barry Manilow on Wednesday, July 27 and Garry Shandling on Sunday, July 24. This popular musical theater is at Rtes. 59 and 72 and the Northwest Tollway in suburban Hoffman Estates.

Alpine Valley Music Theater, the place for the hot bands in southern Wisconsin appealing to today's young, has another big card. On Friday, July 22, at 8 p.m. it is Tiffany.

Another biggie is Aerosmith on Friday, July 29, also at 8 p.m. Take a seat on the grass-covered hills overlooking the stage, bring your own or get stage-side reserved ones.

On stage

"Charlie's Aunt," will have its closing run from now through Sunday, July 24, at the Woodstock Opera House, 121 Van Buren St. There is a 2 p.m. matinee on Saturday and one at 3 p.m. on Sunday along with an 8 p.m. performance on Saturday.

Theater on the Lake, the Chicago Park District's showcase for musicals, dramas, mysteries and comedies is now in the middle of its 36th season. On stage this Friday and Saturday at 8 p.m. is "Arsenic and Old Lace." Starting Tuesday, July 26, and continuing through Saturday, July 30, is that great comedy, "Biloxi Blues." Curtain time is 8 p.m. each night at the Lincoln Park Pavilion.

Be there!

Summer is a long way from over. Just look outside. Or look inside at the Millburn Gallery, 38500 N. Rte. 45, Millburn, for the "Summer Begins Here" paintings by area artists. There are landscapes, portraits of children, Midwestern scenes and contemporary impressions. The show runs through Monday, July 25.

Another indoor art exhibit of works by local and regional artists is at the Blue Heron Gallery, 17 W. Grand Ave., Fox Lake. Featured is a range of media, style and technique.

Illinois artist Herbert L. Fink has an exhibit of his watercolors and drawings at the Community Gallery of Art at the College of Lake County in Grayslake. He is a professor of art at Southern Illinois University, Carbondale. Show hours are Monday through Friday from 8 a.m. to 4:30 p.m. from now through mid-August.

**Aerosmith at Alpine Valley**

Smash hit singing group, Aerosmith will be on stage at Alpine Valley in East Troy, at 8 p.m. on Friday, July 29. Tiffany will precede Aerosmith on Friday, July 22 and David-

Lee Roth and Poison take to Alpine's stage at 8 p.m., on Sunday, Aug. 7.

Drum & Bugle Corps show closes Fiesta Days program

This is the concluding weekend of Fiesta Days, McHenry's 40th annual fun-in-the-sun event with lots to see and do. The week of just about everything to do and see began last weekend and continues through Sunday, July 24, with a weekend of musical entertainment, sidewalk sale, parade and a concluding drum and bugle corps competition on Sunday. Some of the top brass in the nation will compete for prizes and points at this show.

Fiesta Days continues on Friday night with a "Friday Nite Live" doubleheader. The Buckingham's and their unceasingly popular sound of the 60's are the highlight of the evening. The opening act will feature the midwest's popular "The Brite Set". There will be a token admission charge of \$1 for this event.

Saturday brings the best bargains of the year at an all-day sidewalk sale from 8 a.m. to 4 p.m., while the seventh annual open air art show takes place at Veteran's Memorial Park. Art-in-the-Park features continuous en-

tertainment from 9:30 a.m. to 4 p.m., while 75 artists display all mediums of exceptional work for enjoyment and for purchase.

Entertainment includes the Libertyville School of Folk Music artists, as well as storyteller Jim May and a variety of dancing groups from the area.

Free shuttle service is provided in continuous motion to facilitate moving from one end of town to the other to see all of the entertainment events and pick up all of the bargains.

Finale Day promises the best parade McHenry has ever produced. The 4th Army Band, the Vanguard Senior Drum & Bugle Corps and six drum and bugle corps from Drum Corps Midwest will participate, along with the gracious floats, clowns and parade entries of every description for the giant parade that will be led by six parade marshals this year.

The parade marshals have been selected for their dedication and development of Fiesta Days throughout

the 40 years of Fiesta Days history. Collectively, they represent 150 years of service to the production of Fiesta Days.

The parade begins at 2 p.m.; it is expected to last an hour and one half.

The traditional finale of Fiesta Days is a drum corps show at McCracken Field. Gates open at 6 p.m. and performance begins at 7 p.m. The opening act will be a demonstration production by the Vanguard Senior Drum & Bugle Corps; and then the competition among the six midwest corps, who are the Colts of Dubuque, Iowa, Glassmen of Toledo, Ohio, Guardsmen of Schaumburg, Phantom Regiment Cadets of Rockford, Capitolaire of Madison and Sundowners of Eau Claire.

Admission is \$5 for concert side and \$3 for general admission. Tickets are available at the gate or at the Chamber office in advance.

For information about any of these events, call (815) 385-4300.

Lake County locations to get blood pressure checked

Northern Illinois Medical Center, McHenry, provides blood pressure screening for its patient service area, which includes Antioch, Crystal Lake, Fox Lake, Island Lake, McHenry, Round Lake, Wonder Lake, Wauconda and Island Lake.

High blood pressure is the major factor behind the estimated 500,000 strokes occurring each year in the United States, the medical center staff says. It also plays a role in the 1.5 million heart attacks recorded each year and can lead to kidney failure.

High blood pressure is a silent killer which usually has no recognizable symptoms. About 10 percent of all high blood pressure is caused by other illnesses, but 90 percent arises for no known reason. The most common type is known as primary or essential hypertension.

Incidence of high blood pressure increases with age, affecting 75 percent of those over age 75. It affects men more than

women in younger years, but because women live longer, the total is split evenly between men and women over the age of 65. It is greater in black Americans than in whites, and black people tend to be affected more severely.

Other factors of high blood pressure may include: obesity, salt or sodium, alcohol, oral contraceptives, a sedentary lifestyle. It is important to talk to a doctor, ask questions, repeat the instructions to the doctor, and make certain that his directions are understood.

A physician may prescribe weight reduction, sodium restriction and exercise for controlling high blood pressure. It is important to understand the medication schedule and instructions and to follow them.

Although high blood pressure cannot be cured, it can be controlled.

NIMC's blood pressure outreach nurse is available at these sites

and times: the first Friday of the month, 10 a.m. to noon, for Antioch senior citizens, 817 Holbeck, Antioch; the first Tuesday of the month, 9:30 to 11:30 a.m., the First National Bank of Crystal Lake, 265 Virginia St.; the second Wednesday of the month, 11:30 a.m. to 12:30 p.m., Bethany Lutheran Church, 76 West Crystal

Lake Ave., Crystal Lake and also on the second Wednesday, Rte. 14 and Main St., 6:30 to 8:30 p.m.; the fourth Monday, 11:45 a.m. to 12:45 p.m., Crystal Lake Senior Citizens, Meat and Eat, 401 Country Club Rd.; the second Tuesday, 11 a.m. to noon, for Fox Lake senior citizens, Community Center, Thillen Dr.

Also, the second Tuesday, 12:30 to 1:30 p.m., all senior citizens, Village Hall, 3827 Greenleaf Ave.; first Thursday, 10:15 to 11:45 a.m., McHenry senior citizens, Moose Lodge, 3535 North Richmond Rd.; the first Thursday, 2 to 3 p.m., Whispering Hills Community House; the first Wednesday, 10:30 a.m. to noon, Round

Lake senior citizens, 814 Hart Rd.; third Tuesday, 10 a.m. to noon, Happy Seniors Club, 814 Hart Rd.; third Monday, 11:30 a.m. to 12:30 p.m., Wonder Lake senior citizens, Christ the King Church, 4918 East Wonder Lake Rd.; and first Tuesday, 12:45 p.m., Twp. Hall at Rte. 12 and Old Rand Rd for Wauconda/Island Lake

Retirement incomes not well protected

by CONRAD MEIER
MEIER INSURANCE SERVICES

YOU SHOULD KNOW... a recent and very broad survey indicates a significant need for pre-retirement counseling and planning.

People are living longer, retiring earlier, the stock market has proven unpredictable for retirement funds, and regular increases in the cost of living are a fact of life.

People need to make plans earlier in life to ensure adequate income in retirement years. They must become less dependent on the Social Security system and more dependent on themselves if they expect adequate retirement funds.

While there is increasing awareness of the need to make plans, survey indications are that most Americans consider themselves in poor financial shape for retirement and admit they are giving little attention to the matter.

SURVEY FACTS:

*7 out of 10 working people think their retirement plans are inadequate.

*48% of those between 50 and 64 have not given any thought to how much money they will need in retirement.

*50% of the workers surveyed said NO money was being set aside for retirement in their household.

*Only 1 in 4 households had IRA accounts and only 33% of the working population participated in a 401K plan at work.

*People are spending on average of 16 years in retirement and demographers estimate life expectancy will jump to 81.1 years for women and 73.4 years for men by the year 2000.

Considering those facts, we can only wonder why people procrastinate on such an important matter.

We think that too many people expect the government to provide ALL the income for their retirement years. Considering the marginal existence of many of our senior citizens today, we marvel at this faulty thinking.

Many people seem to think the process complicated, time consuming and expensive. Yet, once accomplished, most clients stated they were surprised to find the process less complicated than originally thought, much less time consuming than expected and nowhere near their expectations of cost.

If you are over 25 and gainfully employed take this little test to see where you are with your retirement plan. If you are in or near retirement, take this quiz to learn what you need to do about your present situation.

If you have your act all together, pass this along to someone who does not.

RETIREMENT INCOME CHECK UP QUIZ

- YES NO
- ☐ I have analyzed my present situation (income, expenses, assets, liabilities).
 - ☐ I have determined which of my expenses are likely to be less after I retire and which will be more.
 - ☐ I have set my annual and monthly retirement income goals.
 - ☐ I have found out how much I can expect from social security, veterans benefits, pension plans.
 - ☐ I have estimated how much interest income I will receive from savings and investments.
 - ☐ I have reviewed all my insurance plans to see if they meet my present and future needs (life, health, disability, Medicare, auto, home).
 - ☐ I am trying to pay off my big liabilities before I retire.
 - ☐ I have sufficient health insurance (including long-term care).
 - ☐ I have consulted with an insurance broker.

If you scored one no answer, you would be well advised to seek out a professional insurance broker.

Seek daredevils for this year's demolition derbies at fair

Tires will squeal and metal will scrape during the two demolition derbies held at the 60th annual Lake County Fair on Thursday, July 28, and Sunday, July 31.

Held in the rodeo arena at the fairgrounds, Rtes. 120 and 45 in Grayslake, each demolition derby will have qualifying heats and a final competition.

"We have two separate events, so if people can't make it one day or don't do well they have another chance," said Walter Krumrey, treasurer of the 1988 Fair Board.

The first event will begin at 7 p.m. on Thursday, and entries will be accepted starting at 10 a.m. that morning. The winners of each heat will receive an award, and the grand prize winner will receive \$300. Last year, more than 60 cars participated in this event.

On Sunday, the heats will begin at 10

a.m., with entries being taken beginning at 8 a.m. In 1987, more than 200 participants competed in the Sunday qualifying rounds. All heat winners will receive awards, and the winner of the final competition, which begins at 5 p.m., will receive \$300.

Auto Racing Promotions of St. Louis, Mo., will operate the two derbies. There is no admission fee.

The 60th annual Lake County Fair is scheduled for July 27-31 at the Lake County Fairgrounds. General admission is \$4 per day and children under 12 are admitted free of charge. Senior citizens' admission is \$2 on Wednesday, Thursday and Friday. There is free parking and free grandstand seating.

For more information on the Lake County Fair Demolition Derbies, or to receive an entry form, contact the fair office at (312)223-2204.

Racing pigs to be newest feature at county fair

Beautiful young women, prize-winning livestock and demolition derby dare devils will come together Wednesday, July 27 through Sunday, July 31 at the 60th Annual Lake County Fair and 4-H Club Show.

For five days the Lake County Fairgrounds, located at Rtes. 120 and 45 in Grayslake, will play host to a number of special events and fair activities.

This year marks the 33rd Miss Lake County Fair Queen Pageant, which will be held at 7:30 p.m. on Wednesday on the main stage. Contestants must be Lake County residents and qualify by winning a municipality contest.

For the first time ever, visitors to the Lake County Fair will get to see an event usually reserved for state fairs—pig races. Conducted by Robinson Racing Pigs, two races will be held each day at six different times.

On Thursday, July 28, Friday, July 29 and Saturday, July 30, the fair will sponsor amateur talent contests on the main stage at 7:30 p.m. There are three age categories and preliminaries will be held at the fairgrounds on July 23

and 24, which are the deadlines for entry.

The Big Hat Rodeo Co. will present three action-packed performances at the fair at 8 p.m. on Friday and at 2 and 8 p.m. on Saturday. Horse shows will kick off the fair on Friday, Saturday and Sunday mornings.

Throughout the fair, a complete judging of livestock and a series of demolition derbies will take place. Fine arts such as ceramics, sewing, needlework, painting, photography, hobby collecting, crafts and culinary delights will be judged and on display.

Children of all ages will enjoy the midway, complete with rides, games and food and other booths.

Parking at the fair is free. General admission is \$4 per day with children 12 years and under free. Senior citizens admission is \$2 on Wednesday, Thursday and Friday. Grandstand seating is free.

For additional information, contact Mary Gunia at the fair office (312)223-2204.

This little pig --

Robinson's Racing Pigs will be newest featured at 1988 Lake County Fair set open on Wednesday, July 27. Pigs will race twice-a-day at six different times.

Friday night video dances

At Six Flags Great America every Friday through Aug. 19, the American Eagle arena turns into the Club Coca-Cola Video dance club. Guests can dance up a storm and help the Special Olympics. All proceeds from Club Coca-Cola sponsored by Coca-Cola USA, will benefit Special Olympics. Admission is included in Great America's one price general admission.

Special entertainment scheduled for

Fridays July 22 and 29, includes The Silhouettes, a 50's and 60's, doo-wop dance group from Platteville, Wis., performing in Orleans Place.

On Friday, Aug. 12, Taylor Dayne takes the stage in the Pictorium Plaza for an evening of music guaranteed to captivate audiences young and old. Her first hit single, "Tell It To My Heart," soared up the charts, and it is currently moving briskly up the Billboard Top 100.

College offers drama

Let McHenry County College put a little drama in your life this summer with trips to the theatre.

On July 31, MCC is offering an evening bus trip to see "Praying Mantis" at the Bailywick Theatre in Chicago. The play, written by a Chilean playwright, is a chilling horror-comedy that features one of MCC's own accomplished actors, Bob Riner. Riner is associate dean of humanities at MCC and will play one of the lead male roles in the play. The production is produced by the Buffalo Theatre Ensemble, a company of actors whose home base is College of DuPage. Cost of the show and transportation is \$28.

In August, MCC is offering a weekend

overnight trip to the American Players Theatre in Wisconsin. Three package deals are available, ranging from \$65 for one night's lodging and two plays to \$95 and two nights lodging and three plays.

The Friday evening play is "The Seagull," a comedy by Chekhov. Saturday's performances are Shakespeare's "Twelfth Night" and "The Tempest." The trip will be led by MCC Shakespeare scholar Dora Tipens.

Full payment must be made by July 12 for the American Players Theatre package deal. For more information, contact Molly Walsh at MCC (815)455-3700, ext. 255.

ROCK TRACKS

In January of 1973 in Honolulu, Hawaii, Elvis Presley's *Aloha From Hawaii* television special was transmitted to over one billion people all over the globe. But two days before Elvis was to stun audiences with his remarkable live performance, he delivered a dress rehearsal that many say was the best of his career.

As a back-up to the actual live performance, Presley's now-famous dress rehearsal was recorded in full. These recently discovered, unreleased 15-year-old multi-track tapes have been assembled into *The Alternate Aloha* on RCA Records. Taking full advantage of today's advances in mixing, this extraordinary performance shimmers with a vitality simply never before available. *The Alternate Aloha* covers the full range of Elvis' music from "Blue Suede Shoes" to "American Trilogy." This is vintage Elvis, still as fresh and as moving as the day it was bottled.

The CD version of this set includes three special Hawaiian numbers recorded at a late night session to reflect the television special's island theme. RCA has also made the compact disk release available in a full-color picture collectable.

B.M.I. Records' Jeff Pescetto may not be a name you're familiar with now, but it will be an unavoidable addition to your turntable, tape deck or CD player during the remainder of 1988. During the next six months Jeff's songs will be on albums released by The Pointer Sisters, Kenny Loggins, Don Johnson, Robbie Nevil, Bill Medley, Johnny Mathis and Mick Kamen.

More time coming to find outdoor fun

by BILL RADKE

How busy are we these days? Is there time to enjoy things we have put off? Are we able to travel more and spend added hours pursuing outdoor recreational interests? The answer is yes, but only if we make it happen.

As to employment, the trend is toward fewer hours. Experts estimate by 1990 the average work week will decrease to 32 hours. A further projection is a 20-hour week by the year 2000. This means the dominant, double-worker family will total 40 hours weekly, shared equally by two breadwinners at 20 hours each. Retirement time faces one in every eight Americans now over age 55, and 5,000 persons turn 65 each day.

All these projected figures leave us with thoughts concerning time that may be used for expanded leisure, pleasures, healthful pursuits, new interests or, unfortunately, just wasted.

Most outdoor oriented persons are conservative. They recognize nature needs help to provide life-giving resources for a rapidly growing population. Growth is not only in numbers of people but, additionally, in the number of years each person shares the products of nature. People turn 65 and older at twice the speed of overall population growth. We face multiple usage of land and resources that has never before been experienced. It requires our understanding and serious support in conserving nature's assets.

For many years, I've fished Illinois' Chain of Lakes. Natural changes have occurred. Crappie had been a prolific catch as long as I can remember. This is changing, and they are rather scarce

now. Striped bass, on the other hand, seem to be replacing them and becoming a larger part of the pan-fisherman's reel. And catfish are caught more frequently.

Early this week, I picked up five nice one-pound channel cat on crappie minnows. On ultralight crappie rigs, they put up quite a fuss. Others are having similar experiences. Where did the crappie go? When will they return? It confirms that adjustments are necessary in nature's changing situations. So, keep the thinking mobile and the body active.

With growing interest in travel, destinations need to emphasize the importance held by the individual guest. Make visitors aware they are memorable and welcome. Too often we become dollar sources with credit cards. Everyone has a desire to belong to something, to be known and recognized.

Family is a prime example. Tourism hosts that extend the feeling of family to customers and guests satisfy the "longing for belonging". It creates the feel of importance and brings them back again.

During the recent Fond du Lac, Wis., visit, we learned Fond du Lac is combining the traveler's outdoor interest in the 30 miles of Lake Winnebago's restaurants, supper clubs and annual attractions with limited edition wildlife art.

It's a combined package that features local hospitality, landmarks and nature's birdlife. Call for details at (414) 923-3010 or write the Tourism Office, 207 N. Main St., Fond du Lac, WI 54935.

Lake County mecca that satisfies shoppers

Lake County has a variety of shopping destinations to please every shopper, and to fit every need.

In Antioch, the Pickard China outlet at 782 Corona Ave. offers a wide variety of china patterns at less-than-retail prices as well as giftware, silverware, and slightly damaged merchandise. The Quaker Industries outlet also in Antioch at 90 McMillen Rd. features wooden and metal trays, tables, shelves, desks and filing cabinets. Lakehurst Mall at Rtes. 41, 120 and 43, is Waukegan's largest mall with 130 different shops

and services; and Hawthorne Center at Rte. 21 and Rte. 60 in Vernon Hills, offers shopping as well as specially events and services.

To enjoy the unique personality of Lake County while browsing in quaint and one-of-a-kind shops, historic Long Grove is the perfect locale. Some of the most charming old houses in Long Grove have been transformed into shops whose wares include handmade decoratives and nostalgia-flavored goodies.

Or spend the day in Lake Forest where in a

Tudor courtyard such delicacies as fine porcelain and silver, made-to-order jewelry and high fashion apparel are common finds.

Whether it's a leisurely search for the right antique vase, or a quick trip to the mall for odds and ends, Lake County has the shopping spot that hits the spot.

For more information on shopping in Lake County, contact Lake County, Illinois Convention & Visitor's Bureau, 414 N. Sheridan Rd., Waukegan, IL 60085, phone: 1-800/847-4864.

Getting to know each other

Romance, comedy and much more are featured in the next production of the Palate, Masque and Lyre theater when it presents "Tam Jones." The Antioch theatrical group will stage the production on weekends through mid-August. In this scene Tam Jones, played by Keith Galwitzer of Gurnee, and Miss Western, portrayed by Dee Finley of Round Lake, get to know each other a little better.

Free marine exams available

Having a boat examined free by the Coast Guard Auxiliary could save lives. Having the necessary equipment aboard your boat in time of need improves the chance of survival. This includes a personal flotation device (PFD) for each person aboard, plus one throwable device.

U.S. Coast Guard Auxiliary volunteers have been taught to examine craft for safety, to see if the boat meets federal and state requirements, and to check for additional safety equipment recommended by the Auxiliary to help save lives.

After the Courtesy Marine Examination, if the boat passes, the Coast Guard Auxiliary's "Seal of

Safety" decal is affixed to the boat. This decal signifies that the boat meets safety requirements. If the craft fails the examination, no citation is issued and no report is made to any law enforcement agency. The boat owner is merely advised of any deficiencies, and a recommendation is made to procure the equipment that is lacking.

To have your boat examined, contact Paul Minne, Vessel Examination Officer for Flotilla 7-7 9 WR, U.S. Coast Guard Auxiliary at (312)546-4742 or (312)832-1525.

The time it takes to examine a boat and its equipment will do much to assure a safe and pleasant boating experience.

International tour brings "Hope Anew" to Libertyville

"Hope Anew" a group of 50 Christian high school students from First Lutheran Church in White Bear Lake, Minnesota, will be visiting and performing at Holy Cross Lutheran Church in Libertyville on Wednesday, July 27 at 7:30 p.m. This music and drama team, in its 18th year of existence, travels each year through a different part of the United States. Their tour this year involves concert stops in Upper Michigan, Ontario, New York, Ohio, Illinois, Wisconsin, and Minnesota from July 18 to July 31.

Hope Anew's program is truly an event for the entire family to attend. Their variety of contemporary musical selections will appeal to all tastes; their

drama is entertaining, gripping, and clearly communicates the Gospel of Jesus Christ, applying it to everyday life. The Bible is used to support the message of God's love and forgiveness that Hope Anew puts forth. Using the theme "The Lord is Lifted Up," these high schoolers will leave you with plenty of food for thought to take home with you.

There is no admission fee to the performance. A free will donation will be collected during the intermission. Holy Cross is located at 29700 N. St. Mary's Rd., between Hwys. 176 and 137 in Libertyville. More information can be obtained by calling (312)367-4060.

Art fair has exhibitor openings

Barat College Children's Center will hold an art fair on Sept. 10. The art fair will be held on the Barat College campus, 700 East Westleigh Rd. in Lake Forest, and will be open to all media.

Artists and craftsmen wishing to participate in the fair will be charged \$25 per space. Proceeds will be used to fund the child care assistance program, which provides child care to Barat students who would

otherwise be unable to afford it.

What's Happening

Impact Team concert

The Chicago Central Dist. Impact Team will perform a concert of sacred music at 7 p.m. on Thursday, July 28 at the Fox Lake Church of the Nazarene, 229 E. Grand Ave. The Impact Team is a mixed group of 15 senior high school students. There is no admission charge and the public is invited to attend. A free will donation will be taken. Any questions can be directed to Rev. Tim Casey, (312)387-4746.

Annual bookfair

Over 40,000 "pre-owned" books and records will be offered at Lakehurst Mall, Waukegan, from July 22 to 29 at the 21st Annual Bookfair, sponsored by Interfaith Chaplaincy Services, Inc., of Lake County. Visitors to Lake County's largest book fair will find books on every possible subject including first and early editions, old as well as new books, and records for many different tastes. All are at bargain prices and categorized for easy browsing. Proceeds from the book fair support chaplaincy services provided by Interfaith Chaplaincy Services, Inc., to the Winchester House and the Lake County Jail.

Restaurant offers p.m. concerts

Chaffee's Lakeside Bar and Grill, 1000 Lakeview Parkway, offers Thursday night concerts from 6 to 9 p.m. on the patio, weather permitting.

The Wallace Burton Trio will perform on July 28 and three consecutive weeks in August, beginning Aug. 11. Ears, a five-piece band will perform Aug. 8.

Concerts are free for dinner/cocktail customers, and they usually draw between 200-300 people.

Chaffee's opened in December, 1985, and is offering its second year of Thursday night concerts.

Building for the future

Youth Conservation Corps members Kathryn Jacobsen, left, and Michelle Elliott steady a post pounded by Tim DeBruler for shelter to protect golfers from inclement weather. Their handiwork will be evident Thursday, Aug. 4, of the group's annual golf outing on the Broe Loch Golf Course in Grayslake. This outing raises funds for the Forest Preserve District's summer youth employment program and supplements private donations to keep the program operating since a 1981 cut in federal funding. All proceeds from the outing will go to underwrite salaries of the youths. For additional information about the golf outing call Craig Malin at (312) 367-6640.

Golf, country club benefit aids charities

Wynstone in North Barrington, one of the few country club communities in the world situated around a Jack Nicklaus-designed golf course, will open its doors to the general public for an inside look at its custom-constructed collection of luxury homes. Set for Oct. 13 through Oct. 30, "Showcase on the Green" will feature as many as eight one-of-a-kind residences, each valued at an average of \$1-million. It is the only time the homes will be available for viewing to the general public.

Admission to the Showcase will be \$10, with net proceeds to be donated to Wynstone Children's Charities, a non-profit organization that benefits six area charities, Children's Home and Aid Society of Illinois, Clearbrook Center for the Handicapped, Gateway Foundation, Little City Foundation, Maryville Academy and Park Ridge Youth Campus. Regular showcase hours are 10 a.m. to 6 p.m. daily.

The eight featured homes destined for design acclaim are being decorated by a number of the Midwest's finest interior designers and retailers. Set on estate sites, the lavish single-family residences range in the size from 4,500 to 10,000 square feet and reflect the Wynstone craftsmanship standards that helped the development sell out its initial offering of 265 homesites in one month. To thank the Chicago area for its championship support, Jack Nicklaus Development Corp. of Illinois is hosting "Showcase on the Green" as a charity benefit.

Located a scenic drive away from the city, one mile north of the intersection of northwest suburban highways 12 (Rand Rd.) and 22 (Half Day Rd.), Wynstone's Showcase homes are barely out of bounds of the rolling fairways of

the par-72 Nicklaus golf course. When the course opens in 1989, it will serve as centerpiece of the community.

Carved in part out of the natural environs of the former country estate of W. Clement Stone, the championship course and surrounding homes are set amid meandering creeks, small lakes and hundreds of stately oak trees. When completed, the private, 750-acre Wynstone community will include some 325 estate homes and nearly 100 village homes.

Wynstone is located in North Barrington, bounded by Rand Rd. on the east, Miller Rd. on the south and Timberlake Dr. on the north. For more information on "Showcase on the Green" luxury home preview/benefit, phone (312) 438-3006.

CLC offers tennis camps

Senior and junior high school students interested in improving their tennis game may wish to enroll at tennis camps sponsored by the College of Lake County this summer.

Directed by CLC tennis Coach Lance Laverty, the senior high school camp will be July 18-29. The junior high school camp will be Aug. 1-12. Both will be co-ed.

Cost is \$65 per student and enrollment is limited to the first 24 enrolling in each session.

Movie theater to come to RiverTree Court

Another sign that real estate in Vernon Hills has come into its own is the success story of RiverTree Court, a 350,000 sq. ft. power strip shopping center on the southeast corner of Rte. 60 and Milwaukee Ave. under development by the Vantage Companies.

Richard Hulina, Vantage Partner who heads the Chicago Retail Division, noted the center is now 85 percent leased. "We attribute this success in great part to our location across from both Hawthorn Hills Fashion Square and Hawthorn Center Regional Mall. The placement of this fine array of major retailers in one convenient shopping area is a natural draw to customers."

The completion of River Tree Court marks a total of approximately 600,000 sq. ft. retail space developed by Vantage at the Vernon Hills intersection. Hawthorn Hills Fashion Square, which opened in 1986, was also originally developed by the Dallas-based company. When coupled with the 1.1 million

sq. ft. regional mall Hawthorn Center and the adjacent Hawthorn Commons, the corner carries a major retail wallop of over 2 million sq. ft.

RiverTree Court is anchored by high traffic generating stores: Phar-Mor Drug, Highland SuperStores and T.J. Maxx, Michael's and Brody's. Opened on July 1 was a 40,000 sq. ft. Child World and later this summer an eight-screen Cineplex Odeon movie theater.

Vantage Companies is making its presence known in the Chicagoland market. With close to a million square feet of retail division is in the planning stage for six more major retail developments totalling 1.5 million sq. ft. to be open by fall of 1989.

Established in 1959, the Vantage Companies today rank as one of the largest full-service development companies in the United States. In addition to retail, the firm has been highly visible in the Chicago area with office and industrial buildings and business parks.

Youth ministry hosts teen picnic on Sunday, July 24

Youth ministers of the Catholic Parishes of the Lake County Deanery, including the towns of Antioch, Deerfield, Grayslake, Highland Park, Highwood, Ingleside, Lake Forest, Lake Villa, Libertyville, Mundelein, North Chicago, Round Lake, Vernon Hills, Volo, Wadsworth, Wauconda, Waukegan and Zion are sponsoring a picnic for high school teens at St. Mary

of the Lake Seminary, Mundelein, on Sunday, July 24 from 1 p.m. to 6 p.m. Admission is free.

The schedule for the day includes: 1 p.m.- Mass performed by Bishop John Gorman; 2 p.m. to 5 p.m.- Disc Jockey; 3 p.m. picnic and games; 4 p.m.- deanery softball league finals and 5 p.m.- cookout.

Book fairfull of bargains

Twenty-first annual Interfaith Chaplaincy Services Used Book Fair will be at Lakehurst Shopping Center, Waukegan the week of Friday, July 23 through Friday, July 29. The book fair is a major fund-raising event for Interfaith, which provides services to hundreds of Lake County residents.

The Interfaith Used Book Fair is eagerly anticipated. Used book dealers make sure the fair is on their calendars and come prepared to buy. Parents

attend to broaden their children's education in an economical way. Visitors to Lake County's largest used book fair will find books of travel and adventure, history, the arts, sports, politics, self-improvement, children's stories, do-it-yourself, romance and others. Included are first and early editions, old as well as new books, and records for many different tastes. All are at bargain prices and categorized for easy browsing.

More ride Pace buses

Pace ridership showed a 6.3 percent increase in May, 1988, compared to May, 1987, making May the fourth consecutive month to report a ridership gain. An upward trend in ridership began Nov., 1987. Since then, January, 1988, is the only month that had lower ridership. Total ridership for the year has increased 3.3 percent, compared to the first five months in 1987. Ridership in the south and southwest suburbs increased more than 10 percent.

Existing service in Waukegan will be extended to serve approximately 1,100 Waukegan School Dist. students.

'Vietnam War Story' is a study of devastation

Cable's entry in the Vietnam ratings battle is HBO's "Vietnam War Story," which began its second season earlier this month. Unlike the network shows, "Vietnam War Story" is not a serial. The half-hour segments are self-contained, and vary widely in subject matter and mood. "R & R," which premieres Wednesday, July 27, is set in Hawaii, where a newlywed couple, Didi (Cynthia Bain) and Russell (Tate Donovan), have reunited during the latter's weeklong furlough. A study in the psychological devastation of war and the awkward emotional silences that hang between two people whose worlds have grown apart, the script abounds with metaphors. At the beginning of the vignette, Russell's dog tags distract him as the couple try to make love. Later on, an enraged Russell describes

their intended use: to be wedged between dead soldiers' teeth as identification markers. But, like all the "Vietnam War Story" plot lines, "R & R" has a bitter-sweet ending. Russell cuts his R & R short and returns to the lines, afraid that the time with his wife will make him "soft," and thus less likely to return home alive. Poor, dazed Didi, who envisioned the week as a kind of second honeymoon at a Hawaiian-style Poconos retreat, is mournful but ever understanding. And that, finally, is why "Vietnam War Story" is successful as a series of one-shot vignettes instead of an ongoing serial. If you had to follow a character like Russell around week after week, you'd probably get thoroughly depressed. But if you're able to vary the misery, then it's bearable.

Offer basketball camps

Lake County junior and senior high school girls may take the opportunity to brush up on their game during basketball camps in Valpraiso, Ind. later this month.

When Tracy Mammel graduated from Antioch High School in 1982, she was looking for basketball camps to improve her skills. But none were to be found. Today she is co-director of the two camps.

This is the second year of the Midwest Post Development Basketball Camp for high school girls ages 5-9 and above. Participating coaches are Theresa Greutz, Division I coach of the year at Rutgers University and Andy Landers, 1987 National Coach of the Year at University of Georgia. To be eligible, players must be in their sophomore, junior or senior year in high school this September. Camp begins at 6 p.m. July 29 and will close at 5 p.m. July 31 with an awards ceremony. Swimming will be available daily. Tuition is \$135 and a \$60 deposit is required with each application to guarantee a spot in the camp. All campers must provide all insurance.

For junior high school girls, the Midwest Fundamental Basketball Camp will be held July 24-28 at Valpraiso University. Coaches in the junior high camp will be Donita Davenport of Central Michigan, Jim Izard of DePaul, Marty Hawkins of Loyola, Don Perrelli of Northwestern and Dave Wolster of host Valpraiso.

To be eligible, the campers must be in junior high school. Tuition includes room and board for \$215.

The camp begins at 2 p.m. July 24 and will close at 1 p.m. July 28 with an awards ceremony.

All campers must have their own medical insurance.

Cheerleading camp

Lake Zurich Senior High School varsity cheerleaders will host a cheerleading camp next week.

The camp, featuring members of the varsity Bears cheerleading team, will be held July 25, 27 and 29. Times are from 8 a.m. to noon for all three days.

Cost for participating is \$20. For further information call Denise Sellstrom (312) 540-0726.

Need soccer players

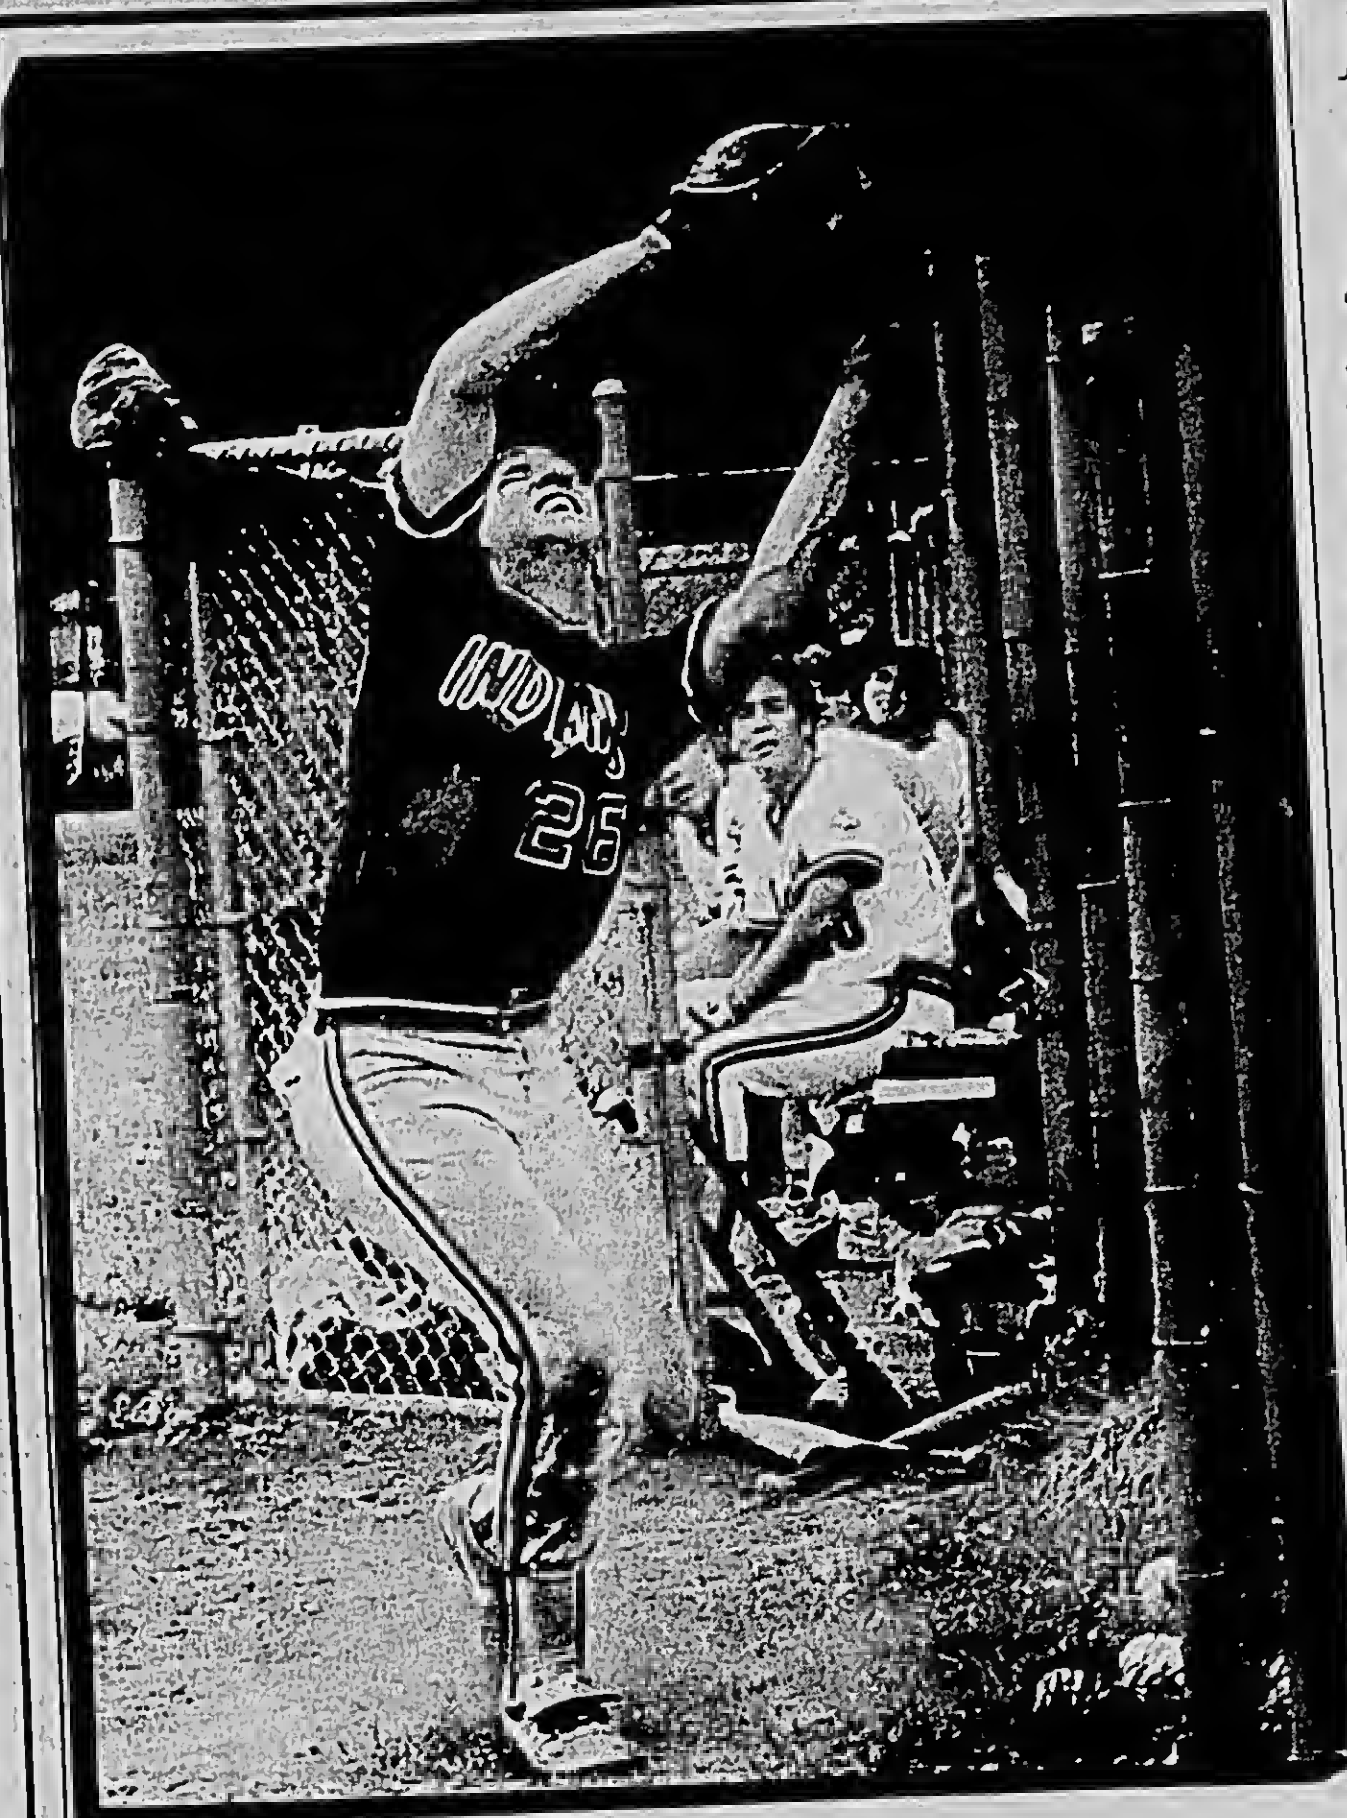

The Libertyville Soccer Assn. is accepting registration for its fall adult women's instructional soccer program. The fall season will start in September and finish in late October with games played in Libertyville on Saturday afternoons.

Registration fee for new players is \$20.

Adult women soccer program was started in 1985 and has been featured in several national soccer publications. The non-competitive program was founded to develop women soccer coaches and referees by providing actual playing experience. Previous soccer experience is not required but the minimum age for soccer players is 25 (birth year of 1963 or earlier).

Women coaching youth soccer teams who do not have soccer playing experience are especially encouraged to register.

For more information, call Sue Chamberlain at (312) 362-4218.

'I have it'

Gurnee Indians first baseman Bill Stranawicz is all set to catch foul ball during Shoreline League game. Shoreline race will be determined in final week of games after Gurnee and Zion split games Sunday. Gurnee won first game 8-5 but Zion won nightcap 5-2.

Indians miss claim to championship

The opportunity was there for the Gurnee Indians.

Gurnee, after a come-from-behind effort in the first game of a Sunday doubleheader against Zion Dill Brothers, could have wrapped up the Shoreline League title with a win in the second game. The key words were could have.

After losing 8-5 at Faulkner Field, Zion posted a 5-2 win which sent the Shoreline League title chase into a final-week frenzy. Both teams are 18-4 and have three games this week. Gurnee plays Highland Park twice and Lindy's Twins once while Waukegan and Highland Park are Zion's foes.

Although Zion had a 1-0 lead in the first inning of game two, the fortunes began to swing the Indians' direction in the second.

Zion's pitcher had his only streak of wildness all game. Mike Foote, Craig Prather and Joe Vocke all walked to load the bases. Leadoff hitter Todd Parola then came through with a single that scored two runs for a 2-1 lead.

Zion answered with a three-run fourth inning to take a 4-2 lead. The Indians bats were silenced in the meantime - that is until the sixth inning.

Mark Ring ended a string of 10 retired Indians in a row when he singled. Foote also singled, putting runners on first and second with nobody out.

After a strikeout, both runners

advanced on a wild pitch. But Ring was then tagged out at home and another strikeout ended the inning.

Zion then added another tally in its seventh to make sure.

The Indians, then had to be satisfied with winning four of five games from their Shoreline League archrivals.

Gurnee had come into the week with its destiny in its own hands and

was looking forward to three games with co-first place Zion.

Gurnee whitewashed Zion 6-0 in the first game.

Then the Indians edged Lake Forest 6-5 while Zion won two games from Waukegan, including a forfeit of a suspended game.

Bill Stranawicz had a three hits against Lake Forest highlighted by a (Continued on Page 21)

Fox Lake hosts unique golf tour

For most golf enthusiasts, the tournaments to be watching last weekend were either the British Open in England or a Players Golf Assn. (PGA) stop in western Illinois.

But for Lake County golfers, a tournament was being conducted right in their own golfing backyard at Fox Lake Country Club. The one-day Semi-Pro Golf Tour of Illinois made its stop at the country club and although overlooked in terms of media coverage, the tournament was no less of importance for the golfers participating than the grand slam events.

"I had fun. I enjoyed it," said Jim Somers, who walked away from the snack shop with a check that would not pay the airfare of a professional tour golfer.

Somers won the tournament's pro division by shooting an 85 which, when figuring his 12 handicap, was a net score of 73. Phil Jaffe of Glencoe finished second with a gross score of 79 and a net of 74.

Somers, who has participated in previous Semi-Pro Tournament stops and finished second and third, said the concept is "great for the amateur golfer".

According to a tournament handout, the SPGT was founded on a "unique and exiting principle: to give the average golfer a chance to compete in PGA style play".

"It works pretty good. I'd like to see more golfers come out," Somers, a Lansing resident, said.

Nobody gets rich on the tour. Even with a field of 100 players, the top money the first place finisher can receive is \$675.

Stevenson High schedules opening of practice for teams

The start of a new school year may seem still to be a long ways off, but the 1988-89 sports seasons are not.

Stevenson High School in Prairie View has announced the schedule for the first practices for its fall sports teams.

The boys and girls cross country team will report to the football stadium bleachers from 8 to 9:30 a.m. and 2 to 3:30 p.m. on Monday, Aug. 15.

For the football squad, the uniforms will be handed out in the blue gym on Friday, Aug. 12. The varsity will receive their equipment at 9 a.m., the sophomores at 10 a.m. and the freshmen at 11 a.m. Practice will start on Monday, Aug. 15 for varsity and sophomores from 7:30 to

10 a.m., 11-11:50 a.m. and 1:30 to 3:30 p.m. Freshmen will have their first practice at 8 a.m. and an afternoon session to be announced.

Golfers will meet at 8 a.m. on Monday, Aug. 22 in the east parking lot. The next day golfers will practice at 7:30 a.m. at Lincolnshire Marriott Golf Course.

For boys soccer, the freshmen and sophomores will meet at 9 a.m. on Aug. 15 at the east side of the parking lot. The varsity will meet at College Park Athletic Club.

The girls swimming team will meet at 8 a.m. on Aug. 15 at the pool locker rooms on the lower level below the pool.

Girls tennis will have its first practice Aug. 15

with the varsity slated to practice from 9-11 a.m., junior varsity from 11 a.m. to 1 p.m. Both teams will meet at the tennis courts. The practice times change slightly over the next two days. The varsity practices from 9 a.m. to 1 p.m. on Tuesday, Aug. 16 with the junior varsity practicing from 1 to 3 p.m. On Wednesday, Aug. 17, the varsity will hold a 9 to 11 a.m. workout and the junior varsity will practice from 11 a.m. to 1 p.m.

The first practices will be Wednesday, Aug. 17 through Friday, Aug. 19. The varsity will practice from 8 to 10 a.m., the junior varsity from 10 a.m. to 12:30 p.m. and freshmen practice from 12:30-3 p.m.

Rookie camp drills

Chicago Bear rookies participate in a running drill during practice. Rookies are trying to impress assistant Bear coaches and Head Coach Mike Ditko in order to break into starting lineup.

Furlans sets more tourneys

Dug Out Park in Trevor, Wis. has set the dates for more summer tournaments.

On July 23 and 24 the 12 inch U.S.S.A. tournament will be held. This tournament is a qualifier for class "D" teams. The entry fee is \$80 and sanctioning fee is included.

On the same weekend a co-ed volleyball tournament is scheduled. This is a double elimination tournament with an entry fee of \$25. There will be trophies and champion t-shirts awarded.

The month of July will be capped off with a mid-summer women's 12 inch tournament on July 30 and 31. The tournament is for non-elite teams and has an entry fee of \$75. There will be trophies, champion t-shirts and traveling expenses awarded.

For more information, call Tom Furlan at (414) 862-9936 or (312) 395-5788. Dug Out Park is located on Hwy. 83 two miles north of the Illinois-Wisconsin state line.

Warren travelers win twice, aim for Orland Park trophy

Traveling' is the middle name for the Warren Twp. summer ball team and that is what the team will be doing this weekend. Warren will be competing at the Orland Park tournament beginning July 22. The first game will be under the lights at the amphitheatre. Sportsplex against 'Plus 2' at 8:30 p.m. Should Warren win that one, the second game would be at 11 p.m. on July 23. A loss would mean playing at 5 p.m. that day. Warren is coming into the tournament off a week which saw it win 10 games at the Springfield tournament after splitting games against Cary and Mundelein. Warren improved its mark to 13-3 before this week's games. The girls whitewashed

Cary 10-0 on a no-hitter by former Libertyville star pitcher Kathleen Quilty. Quilty was just one pitch away from a perfect game when she walked a Cary batter in the last inning. Offensively, Quilty scored three runs and Grant product Becky Brace led the hitting attack with two triples and four RBIs.

The affects of a two-week break then showed as North Suburban Conference rivalries were renewed for a night at Mundelein. Mundelein's Cobras shutout Warren 8-0 behind the pitching of MHS star Susan Musselwhite. Musselwhite scattered four hits against Warren to go with a potent bat. A total of 12 all-county players were on the field for that game at one time or another.

"The two-week layoff did not help," Warren Coach Mike Ingalls said. The Warren squad quickly bounced.

In the first game, Warren defeated Evanston 19-1 behind the no-hit pitching of Brace and Grayslake product Alice Norton.

Jamie Evans led the offense with a four-for-five game and Terri Ingalls was three-for-four as Warren clubbed out 14 hits and six homers.

After a slow start in the second game against Wilmette, Warren's bats came alive and pounded out 12 hits in a 10-4 romp. Brace was again the winning pitcher, holding Wilmette to one hit and struck out 12 batters.

Carrie Ryan was two-for-four with two RBIs and Ingalls had two hits in four at-bats, including a homer and three RBIs.

The remainder of the tournament was washed out because of Saturday's rain. Oak Park was declared the winner and Warren ended in second place.

Indians

(Continued from Page 19)
two-run home run. Steve Bruns had a perfect night with three hits, a double and a pair of RBIs.

Prather was the winning pitcher, striking out six against just one walk. Prather was the starting pitcher in the first game against Zion in Gurnee.

The visitors led 3-1 in the early going before the Indians rallied.

In the third the hosts sent six batters to the plate and took the lead. Chris Stranowicz singled and Bruns reached on a fielder's choice. Parola then contributed a key RBI triple. Parola then scored on a ground out to tie the game. After a groundout, Foote delivered an RBI single for a 4-3 Gurnee lead.

Zion bounced back to regain the advantage, but Gurnee was not to be

denied this afternoon.

They scored four times in the fifth inning, and used the long ball as a major weapon.

Parola's double brought home Chris Stranowicz who had singled to tie the game at 5-5.

Mike Galdine then blasted a homer to center for a 7-5 lead. After an out, Foote did the same, as his round-tripper went over the left-field fence for an 8-5 lead.

The victory gave Prather seven wins in eight decisions.

But the Indians could not make a nice, neat sweep of the day in the second game - a game which ended with the umpires and fans exchanging words as the Shoreline League was still without a crowned champion.

Mundelein KO's Grant All-Stars

Mundelein had Grant's softball little league team's number in last week's post-season tournament, as it eliminated the Grant Twp. All-Star team in two games.

Mundelein beat Grant 23-6 and 21-5 in the games for 11 and 12-year-olds at Williams Park in Antioch.

"They have a strong infield and have a pitcher who throws straight rather than with a lob

like the girls are used to," Grant Coach Leona Kratz said.

Sandwiched in between

those losses was a 21-5 win over Antioch. Beth Smith was the winning pitcher.

FOOT FACTS From The FOOT DOCTOR

Dr. Winters

Dr. Griff J. Winters & Assoc.
Specializing in Reconstructive Foot & Ankle Surgery

Bunions

Bunions are bumps on the side of the foot, occurring at the large toe joint. The severity of a bunion is determined by the amount the big toe deviates outward and the size of the bump. Bunions are caused by flat feet, poor shoes, and heredity. Once you have developed a painful bunion surgical intervention is almost always indicated.

Bunion surgery has changed dramatically in the last few years. Gone are the days of hospital stays and casts. We now utilize state of the art A-O SCREW FIXATION techniques. These procedures stabilize the bunion correction so no cast is needed. It also permits same day ambulation with little or no time off from work.

Hopefully, the public will become aware that bunion surgery has become less disabling, and that life long suffering is unnecessary.

If you have the above symptoms or any other foot discomfort, you may contact Dr. Winters for a **NO COST CONSULTATION** to see if there may be an answer to your foot pain.

Landfills want to grow in Fremont Twp.

Two Fremont Twp. landfills will be the subject of public hearings starting in August that could be a repeat of well-attended hearings on expansions last year at the same locations.

The new hearings were scheduled just before the state put into effect new, stringent standards for landfills effective July 1.

Public hearings on a landfill by Waste Management Inc. at Rte. 83 and Peterson Rd. will begin Monday, Aug. 15. These hearings will be at 9 a.m. in the 10th floor assembly room of the Lake County Courthouse.

The firm wants to develop a new 160-acre site fronting for three-quarters of a mile on Rte. 83 and bordering Peterson Rd.. This is a revision of a 1987 plan turned down by the county in which the company made application for a 10-story incinerator. The incinerator is deleted in the new proposal, however, it is believed the company wants to build a vertical landfill that eventually could reach 130 feet.

Another landfill, also at Rte. 83 and

Peterson Rd., operated by AFR Landfill, will be the subject of hearings beginning in October. The firm wants to expand its 80-acre site by 100 acres to the north, east and south and increase the maximum height of the existing landfill from the current 50 feet to 120 feet. The company also wants to use 28 acres north of the landfill for water retention, not expansion.

When a similar request was made last year residents of Grayslake, Mundelein and Fremont Twp. turned out en masse to protest. Without the expansion proposed by ARF, the company says the current landfill will reach capacity by the early 1990s.

Waste Management is currently accepting radium-filled sludge from Wisconsin at one of its northern Illinois landfills. This is the nearest landfill operation that accepts this type of sludge, said Peter Pronold, wastewater treatment plant operator in Waukesha where the sludge is being taken from four lagoons. Cost of emptying the lagoons and shipping the sludge 60

miles is estimated at \$2 million.

In disposing of the sludge in northern Illinois Waste Management is underwriting one-half of an experimental \$8,000 treatment that could make the sludge acceptable for disposal in Wisconsin landfills. If successful, equipment costing upwards of \$4 million to \$6 million will eventually be needed to treat this type of sludge. Waste Management hopes the experiment will lead to eventual contracts for disposal of similarly-tainted sludge from other treatment plants in Wisconsin.

A spokesman for the Lake County Dept. of Planning, Zoning and Environmental Quality said no landfill in Lake County is approved for hazardous materials. He said the two landfill proposals for Fremont Twp. are for non-hazardous deposits.

The spokesman said new state regulations for landfills that took effect call for the operating history of applicants to be taken into consideration at hearings, prevents applications for

the same site within two years and allows a county solid waste plan to become part of the criteria for consideration. He said the county does not have such a plan at the present time.

THIS WEEK'S HOROSCOPE

BY SALOME

Aries (Mar. 21-Apr. 19) Work closely with those you trust for best results. If a close friend seems aloof, it has nothing to do with you. It's a good time to make personal advances.

Taurus (Apr. 20-May 20) Romance highlights this week for you. It's a perfect opportunity to express your truest feelings. Confide in someone you are confident in trusting.

Gemini (May 21-June 20) Watch yourself when out and about in the stores; large purchases are best put off for a while. A smile and a kind word will go a long way now.

Cancer (June 21-July 20) Answer any questions concerning your personal affairs only after considerable thought. Rely on close relatives for advice. Lay low for a while; it's best.

Leo (Jul 21-Aug. 22) Your personal social scene is sparking up with the weather, so take advantage and have yourself some good times. Enjoy these events with friends.

Virgo (Aug. 23-Sept. 22) It's time you challenged yourself. Virgo, you've been dormant too long, and you're getting bored. Now you must be aggressive — go for the brass ring.

Libra (Sept. 23-Oct. 22) Look toward your elders for words of wisdom concerning affairs of the heart. Someone you have recently met has your best interests in mind.

Scorpio (Oct. 23-Nov. 21) Look into your financial situation and work harder to improve it. Satisfy your thirst for knowledge by volunteering in some community activities.

Sagittarius (Nov. 22-Dec. 21) If you stumble across information which isn't intended for you, discard it immediately. Do nothing which would upset your family or friends.

Capricorn (Dec. 22-Jan. 19) Someone who is a bit too eager to garner your friendship should be avoided. Do not let your personal feelings get in the way of doing what is right.

Aquarius (Jan. 20-Feb. 18) Your impressive progress at work is soon to be noticed. Be ready for praise, but don't slack off. Your new ideas will keep things rolling along.

Pisces (Feb. 19-Mar. 20) Invest a small amount of time in to some project which means a lot to your mate. Do not overreact if bad news comes your way. Be levelheaded.
